Enjoy The True Tastes Of Southern Mountain Cooking

Dedication

“Cat Head Biscuits And Garlic Fried Chicken” was created from the recipes and memories of two of the Carolina Mountain’s most talented cooks and most gracious Southern Ladies.

These two ladies spent their entire lives caring, loving, and providing for their families. Everything from keeping a good home for their children, tending gardens for food, to teaching their children, grandchildren, and great-grandchildren the true meaning of “family values”. The wives of loggers and farmers, money was often in short supply. They never had too many of the “finer” things of life but no one ever went to bed hungry, and no one ever felt unloved.

To Pearlie And Jewel:

“Eventhough many of your wonderful recipes have been lost, the genuine love and caring that went into every meal and shown to each one of us will be fondly remembered and sorely missed for generations to come.”

A Little About Carolina Mountain Cooking

The mountain tradition of cooking is that food should be unpretentious, solid, and filling.

Traditionally pork or chicken was the main source of meat, but beef, fish, and a wide variety of wild game were also enjoyed. Some form of homemade bread was served at nearly every meal. The two main types of breads were corn breads and biscuits. There are almost more ways to eat a “Cat Head” biscuit than you can imagine. Most everyone grew their own gardens and during the summer, large gardens would produce an abundance of fresh vegetables. Favorites vegetables tended to be green beans, cabbage, turnips, beets, garden greens, tomatoes, onions, carrots and potatoes. Not only did these large gardens produce fresh vegetables for the summer but also for canning and preserving for the coming winter months. Winter in the North Carolina mountains were extremely harsh at times and a stockpile of preserved meats and vegetables were a necessity for survival.

Often winter storms would keep people “snowed in” for days, weeks, or at times, even months with no way to get supplies from the few stores that did exist. Mountain people were, and still are, mostly self-sufficient. They quickly became highly respected and sought out for their survival skills.

Herbs and spices were not readily available. The main seasonings were salt and black pepper with cinnamon, nutmeg, and a few others mostly reserved for baking. Small quantities of meats such as “fat back” and bacon were often used to season vegetables.

A wide variety of apples and cherries were grown as well as an abundance of wild berries such as strawberries, blueberries, blackberries, and grapes, all of which found their way into some of the best desserts you could ever imagine. Fresh fruit cobblers, pies, and cakes are some of the most incredible examples of mountain cooking you can find.

Salads as we know them today were not eaten. Instead, lunch and supper would contain dishes of fresh sliced tomatoes, onions, and cucumbers in addition to the regular cooked vegetables and various homemade pickles and relishes.

Traditional mountain cooking is made up of simple, easy to prepare, yet wonderfully delicious dishes. You never left the table hungry or unsatisfied.

The true art or magic of mountain cooking is that:

Somewhere between seemingly empty kitchen cabinets and the dinner table, the cook was able to take a few simple ingredients and create something truly wonderful.

“The Truth About The Cherry Tree”

When we were children there was a cherry tree near our house. When they got ripe my younger brother would climb the tree and throw them down to us. The rest of us were afraid to climb.

One day after climbing the tree, he refused to share the sweet, ripe, cherries with the us, so we went into daddy’ s woodshed, got a saw, and cut the tree down. We finally had our fill of cherries.

When our father saw his cherry tree on the ground, he became very angry. Needless to say none of us could sit down for awhile.

That was the last time we ever even thought of cutting down another cherry tree.

All work and no play in the 1920's

“Growing up in the 1920’ s 30’ s, entertainment was often the gathering of friends and neighbors in the evenings with friends and neighbors for bean stringings and corn shuckings. The teenagers would make a game out of the work. If a certain color of corn was found. That person would get a kiss. This was a way to have fun and get the work done at the same time.”

Mom' s Pan Fried Fish

Growing up near the South Toe river in the mountains of North Carolina, my brother and I would make fishing poles out of sticks with line made of string and straight pins bent into hooks.

We would spend hours fishing, so we could have mom' s fried fish for supper. She would clean the fish and roll them in equal amounts of flour and cornmeal mixed with salt and pepper, and pan fry them in hot oil until golden brown.

Blue Ridge Mountain Pot Roast

3-5 pound chuck roast
3 tablespoons of flour
2 tablespoons vegetable oil

Roll roast in the flour and brown in the vegetable oil in a large pot. Then stir in:

1 3/4 cups of beef broth
1/4 teaspoon of peppercorns
1 teaspoon of salt
2 bay leaves

Bring this to a boil and reduce the heat to low and simmer covered for 2 hours. Then add:

2 pounds of potatoes, pared and quartered
1 cup of sliced celery
2 cups of sliced carrots
1 pound of peeled white onions

If needed, put in more water or broth to cover the vegetables and cook for 1 more hour or until vegetables are tender. Put meat and vegetables onto a hot platter and sprinkle with parsley.

Pour off drippings and thicken with enough flour to make gravy.

Southern Style Pork Roast

3/4 teaspoon of salt, divided
1/2 teaspoon of black pepper, divided

Rub 1/2 teaspoon of the salt and 1/4 teaspoon of the black pepper on the roast and dredge the roast in the flour. Brown the roast on all sides in butter and oil in a deep, large cast iron skillet. Remove the roast from the skillet and drain. Cook the onion in the skillet with the drippings until tender and place the roast over the onions. Add the carrots and potatoes and sprinkle the remaining salt and pepper over the vegetables. Cover the skillet and bake at 350 degrees for about 1 1/2 hours. Place the roast on a serving dish and place the vegetables around it. Slice and serve.

Pork Loin And Gravy

Pork loin sliced into 1/4" to 1/2" thick slices
Flour
Milk
Salt and Black Pepper

Dip the slices of pork loin in flour coating until covered. Heat lard or oil in a cast iron skillet until hot. Place the pork slices in the skillet and brown both sides. When both sides are browned, cover the skillet and cook slowly until the pork is tender and juicy. Remove the meat from the skillet and place on a serving dish. Next, add two rounded spoons of flour to the drippings in the skillet and mix thoroughly. Add the milk and the salt and black pepper to taste. Cook slowly, stirring constantly until the gravy is smooth. You can then pour the gravy over the pork loin in the serving dish or into a bowl to be eaten with "cat head biscuits" and mashed potatoes.

2 large eggs
2 tablespoons of milk
1/4 cup of unbleached Flour
Salt and black pepper, to taste
2 tablespoons of butter

For the gravy:

1 cup of milk
1 cup of water
1/4 cup of flour
Salt
Black Pepper

Cut the steak crosswise into 4 serving pieces and pound each piece to a thickness of about 1/4 of an inch. Dip each piece of steak first into the egg mixture and then into the flour mixture, coating completely. Shake each piece gently to remove the excess flour. Melt the butter in a skillet, using medium heat and fry the steaks, two at a time, for about 5 minutes on each side or until golden brown.

For the gravy:

Pour off all but about 4 tablespoons of the drippings from the skillet. Over medium heat, slowly stir in the 1/4 cup flour, stirring constantly. Combine the 1 cup milk and 1 cup water and slowly add to flour mixture, stirring constantly to loosen the brown pieces left on the skillet from frying the steak. Add salt and black pepper to taste and raise the heat to bring to a boil. When bubbly, lower heat and continue to stir until the gravy reaches the desired thickness.

Childhood Fun On The Riverbank

“Growing up in the 40’ s an early 50’ s things were different, we no longer had bean stringings or corn shuckings, but we still got together with friends and neighbors on summer evenings.”

“One of my favorite memories is of a swing my dad and some friends hung in a tree on the riverbank near our house. Our neighbors would gather there in the evenings to cook out and swing. That swing would take us halfway across the river. Some of the very brave would swing out and drop into the river, but I was never that brave.”

Shuck Beans Or Leather Britches (Dried Green Beans)

A popular way to preserve fresh green beans for the winter was to “string” them with a needle and thread and hang them up to dry. Once they were dried they would keep for a long time, also drying the beans gives them a wonderful smoked flavor when cooked.

Wash and dry fresh green beans. Remove the ends and the strings. Use a large darning needle with heavy white thread and pierce bean near the middle of each, pushing them along the thread so that they are about 1/4 inch apart. Hang the “stringed” beans up in a warm, well ventilated place to dry. They will shrivel up and turn greenish gray. When cooking in the winter, as my mother did, cover with water and soak overnight, drain, add new water and parboil slowly for 30 minutes. Drain again. Add more water and a ham hock or salt pork and cook until tender.

Ramps

One sure fire way to tell that spring has finally arrived here in the mountains is all of people along the sides of road s elling ramps. It seems that every produce stand, every yard sale and flea marked has signs advertising ramps for sell. Not car r amps or ATV ramps mind you but a local delicacy.

Ramps, also known as wild leeks, are a type of onion that grows wild in the C arolinas. They look like scallions with broad leaves. Although their flavor is stronger, they can be used in place of scallions, onions or leeks.

During ramp season, which begins in March and runs through June, ramps can be found in sp e- cialty stores or at ramp festivals. At the end of the season, their leaves wither and the plant lies dormant throughout the rema inder of the summer, fall and winter.

Resembling the lily of the valley, the wild ramp has a woodsy and very wild aroma offering a d e- licious onion-garlic flavor that people either love to an unbelievable degree or hate to the same degree. Personally I think they taste like a cross between a very strong, sweet onion and garlic.

A word of caution:

Ramps smell to the high heavens so it's best if you can cook them outside. They also leave you with breath that eating no amount of onions or garlic can even compare wi th. Also, if eaten in large enough quantities the odor will actually come through the skin. I know that this sounds really disgu sting but ramps are really very good and an Appalachian spring tradition dating back to the earliest settlers.

Here are a couple of the more popular Ramp recipes:

Ramps and Eggs

6 eggs

1/2 teaspoon of salt

Clean and cut up ramps, using 1/2 of the stems. Place bacon drippings in iron skillet; heat to sizzling. Put in ramps and salt; fry until tender. Scramble eggs; pour over ramps and stir until eggs are done. Serve with crisp bacon and cornbread.

Potatoes and Ramps

4 or 5 large potatoes, diced

1 lb. bacon

1 1/2 lb. ramps, cleaned and cut up

6 eggs (optional)

salt and pepper to taste

Fry bacon in skillet, remove from pan and set aside. Put the diced potatoes in bacon grease and let fry 3 to 4 minutes. Add cut up ramps and continue frying until potatoes are well done. Put previously fried bacon on top of the potatoes and ramps; let simmer for about 2 minutes.

If you want to add scrambled eggs, add after potatoes are done and before adding bacon.

Just Where Do Eggs Come From?

“My brother and I became curious as to how eggs came out of a hen. We were about 4 and 5 at the time, so we went to the barn where the hens had their nests and lay quietly behind one of the hens and watched her lay and egg.”

Gritted Bread

Back in the “good old days” everybody grew his or her own corn. In the fall of the year when the corn was hard and dry they would gather all of the corn from the fields and have a big party called a “corn shucking”. The corn was then stored in a corncrib to be used as feed for both man and beast. Every community had a corn mill where people would take their corn and have it ground into meal. Around August of the following summer they would start to run out of the previous year’s corn. Instead of having biscuits with every meal they looked for a way to make cornbread out of the fresh corn in the garden and this is how this recipe was born.

10 to 12 ears of corn (the harder the better)
1 cup of plain flour
2 teaspoons of baking powder
1/2 teaspoon of salt
4 tablespoons of bacon grease
2 eggs

Grate the corn off of the cob using a cheese grater or cut off the corn as if making cream style corn and run it through a blender. Mix all of the ingredients together with the corn. Put the bacon grease in a large iron skillet and heat until it is very hot. Pour the batter into the hot skillet and bake at 400 degrees until golden brown. The bread will be crispy on the outside and sticky on the inside. Serve with butter while hot. This is said to be the best of the corn breads.

Whipping Cream Biscuits

2 cups of self-rising flour
2 teaspoons of sugar
1 cup of whipping cream

Combine all of the ingredients into a stiff dough. Knead the dough and roll out to about 3/8” thick. Cut out the biscuits and bake in a greased pan for 10 – 12 minutes at 450 degrees.

Spoonbread

2 1/2 cups of boiling water
2 egg yolks
2 stiffly beaten egg whites
2 cups of cornmeal
1 teaspoon of baking powder
1 teaspoon of salt
1 1/2 cups of buttermilk
3 tablespoons of melted butter

Gradually stir the cornmeal into the boiling water. After the cornmeal mixture has cooled add the egg yolks, baking powder, salt, melted butter, and the buttermilk. Fold in the beaten egg whites. Pour into a greased baking pan and bake for 45 minutes at 425 degrees.

Old-Time Dressing or Stuffing

2 tablespoons of bacon drippings
3 cups of cornbread and biscuits (more cornbread than biscuits)
2 tablespoons of butter
1/2 cup of chopped onion
1 1/2 teaspoons of ground sage
2 eggs
Milk
Salt and Black Pepper to taste

Heat the bacon drippings and butter in a heavy skillet. Crumble up the biscuits and cornbread. Add the biscuits and cornbread, the salt, black pepper, sage, onion, and eggs to the skillet, stir and brown slightly. Add enough milk to make a soft batter and cook until fairly dry or bake for 25 – 30 minutes at 350 degrees.

Cat Head Biscuits (as big as a cat' s head)

2 cups of flour
1/4 teaspoon of baking soda
2 teaspoons of baking powder
1 teaspoon of salt
5 tablespoons of lard or shortening
About 1 cup of buttermilk

Sift the dry ingredients together and cut in the lard or s hortening. Add enough buttermilk to make a soft dough. Pinch off about a lemon sized ball of dough for each biscuit and pat out with your hands. Bake for 12 – 15 minutes at 450 degrees or until the tops are golden brown. Remove the biscuits from the oven and rub butter on the tops of the hot biscuits to coat.

Some Of The Different Ways We Eat “Cat Head” Biscuits:

In the South , the infamous “ Cat Head” biscuit was and still is used in a great number of ways. In fact this versatile bread can easily be eaten in different ways with every meal. Here are just a few ways I remember eating them:

Aside from the usual biscuit filled with various homemade jams and jellies, we would sometimes eat them hot from the oven, filled with a generous amount of brown sugar and butter. The butter melts over the brown sugar and creates a breakfast food that no store -bought brown sugar and cinnamon toaster pastry can even touch.

Split open or torn into small pieces and smothered with one of the delicious southern gravies such as Chocolate Gravy, Sausage Gravy, or one of the homemade “ Fruit Jams” .

Not much in the world of food is as good as a sandwich made out of a big homemade biscuit with a large slice of a ripe, red tomato and a little salt or with a slice of pork tenderloin or ham.

“ Cat Head” biscuits make great desserts when covered with your favorite berries, ice cream, and whipped cream. This is a very easy way to make a wonderful strawberry shortcake.

Another way I remember eating them was to cream butter and honey or butter and molasses together and spread over the hot biscuits.

Try some for yourself and you will find that the biscuit is one of the most versatile and delicious foods ever to come out of your oven.

Wooden Wheel Wagons And A Barn With No Nails

“My brother’ s and their friends would build wooden wheel wagons out of scrap pieces of lumber and poplar trees. They would saw down a tree if it was perfectly round and suitable for wheels. They pulled nails out of daddy’ s old barn to put itd-gether with. To this day I wonder how the barn stood all those years with so few nails. Whenever we needed a nail, we just pulled it out of the barn. Anyway we would take the wagon to the top of the mountain in front of our house and ride it down.”

The Short End Of The Stick

“There were June apple trees near our home, that would ripen in June so we would climb the trees to get the best apple and dare anyone else to touch the prize. One day a friend spotted the biggest and most ripe apple and started to climb the tree, but she couldn’ t reach it. So she asked my aunt who was standing on the ground to hand her a stick. My aunt decided to play a little trick on her and found a stick and a pile of cow manure. She rolled the end of the stick in the manure and took it to my friend in the tree. Without looking, she reached and took hold of the stick, and got more than she bargained for.”

“Needless to say that was one prize apple she forgot about.”

To Ski Or Not To Ski

My 9 year old brother wanted to learn to ski, but since he didn' t have any skis, he decided to make his own. He took 2 long, narrow boards and nailed mini blind slats on the bottoms. He then proceeded to nail his new shoes to the boards.

There was a fresh layer of snow on the ground so he took his new homemade skis to the top of a hill near our house and came down head over heels. His only comment was:

"I bout' killed myself!"

When our parents found out what he had done to his new shoes, he almost wished he had.

In those days, new shoes were hard to come by, we usually only got one new pair a year.

Almond Cakes

Serving Size: 28

Preparation Time: 0:15

1 cup blanched almonds
1 1/3 cups sugar
1 cup all-purpose flour
1 teaspoon rose water (optional)
3 egg whites
Vegetable cooking spray

Place almonds in food processor, and process until finely ground. Add sugar and flour; process until blended. Add rose water and egg whites; process until well-blended (the mixture will be very thick). With floured hands, shape the dough into 28 balls, and place 2 inches apart on baking sheets coated with cooking spray.

Bake at 325 degrees for 28 minutes or until crisp on the outside and soft on the inside; cool on racks. Yield: 28 cookies (serving size: 1 cookie).

Notes: The original version of these cookies called for 2 cups of almonds. We replaced 1 cup with flour for a healthier, but still delicious, alternative.

Tiramisu

Serving Size: 8

Preparation Time: 0:11

2/3 cup sifted powdered sugar
8 ounces reduced-fat cream cheese (1 package)
1 1/2 cups frozen reduced-calorie whipped topping thawed and divided
1/2 cup sugar
1/4 cup water
3 egg whites
1/2 cup hot water
1 tablespoon sugar
1 tablespoon instant espresso coffee granules
2 tablespoons Kahlua or other coffee-flavored liqueur
20 ladyfingers
1/2 teaspoon unsweetened cocoa

Combine powdered sugar and cream cheese in a bowl, and beat at high speed of a mixer until well-blended. Gently fold 1 cup whipped topping into the cheese mixture.

Combine 1/2 cup sugar and next 2 ingredients in the top of a double boiler; place over simmering water. Beat at high speed of a mixer until stiff peaks form. Gently stir one-fourth of egg white mixture into cheese mixture. Gently fold in remaining egg white mixture; set aside.

Combine hot water and next 3 ingredients; stir well. Split the ladyfingers in half lengthwise. Arrange 20 ladyfinger halves, cut sides up, in the bottom of an 8-inch square baking dish. Drizzle half of the espresso mixture over ladyfinger halves. Spread half of cheese mixture over ladyfinger halves; repeat procedure with the remaining ladyfinger halves, espresso mixture, and cheese mixture. Spread remaining 1/2 cup whipped topping evenly over cheese mixture; sprinkle with cocoa.

Place one toothpick in each corner and in center of Tiramisu to prevent plastic wrap from sticking to whipped topping; cover with plastic wrap. Chill 2 hours. Yield: 8 servings (serving size: 1 [4 x 2-inch] piece).

Cherry-Apple Turnovers

Serving Size: 6

Preparation Time: 0:15

1 1/4 cups frozen pitted dark sweet cherries
1 medium Rome apple peeled, cored and coarsely chopped
sugar
1/8 teaspoon almond extract
1 Dash ground nutmeg
6 sheets frozen phyllo pastry thawed
Butter-flavored vegetable cooking spray
1/2 teaspoon cornstarch
2 tablespoons sliced almonds toasted
1 teaspoon powdered sugar

Position knife blade in food processor bowl; add cherries and apple. Pulse 4 times or until finely chopped; spoon into a bowl. Add sugar, almond extract, and nutmeg; stir well, and let stand 15 minutes. Press through a sieve, reserving 1/4 cup plus 2 tablespoons juice. Set aside.

Working with 1 phyllo sheet at a time, cut each sheet lengthwise into 4 (3-1/2-inch-wide) strips; lightly coat each strip with cooking spray.

Stack 2 strips, one on top of the other. Spoon 1 tablespoon cherry-apple mixture onto one end of each stack; fold the left bottom corner over mixture, forming a triangle. Keep folding back and forth into a triangle to the end. Repeat with remaining ingredients. Place the triangles, seam side down, on a baking sheet; lightly spray tops with cooking spray.

Bake at 400 deg for 15 minutes or until golden.

Combine reserved cherry-apple juice and cornstarch in a small saucepan; stir well. Bring to a boil, and cook 1 minute, stirring constantly. Yield: 6 servings (serving size: 2 turnovers, 1 tablespoon sauce, and 1 teaspoon almonds).

Chocolate Ladyfinger Cake

Serving Size: 9

Preparation Time: 0:20

1 cup sugar
3/4 cup Dutch process cocoa
1/4 cup cornstarch
1/4 teaspoon salt
2 cups skim milk
2 squares semisweet chocolate (1-ounce) coarsely chopped
3 tablespoons stick margarine
1 1/2 cups frozen reduced-calorie whipped topping, thawed
23 ladyfingers
1/4 cup Grand Marnier or other orange flavored liqueur
1 tablespoon powdered sugar
Orange slices (optional)

Combine the first 4 ingredients in a large saucepan. Gradually add skim milk, stirring with a wire whisk until blended. Add the chopped chocolate; bring to a boil over medium heat, and cook for 1 minute, stirring constantly. Add the margarine, and cook for 1 minute, stirring constantly. Remove from heat. Place pan in a large ice-filled bowl for 10 minutes or until the chocolate mixture cools to room temperature, stirring occasionally.

Remove pan from ice. Spoon 1/2 cup chocolate mixture into a small bowl, and gently fold in whipped topping. Cover and chill chocolate-whipped topping mixture. Set aside the remaining chocolate mixture.

Line a 9 x 5-inch loaf pan with heavy-duty plastic wrap, allowing wrap to extend over edge of pan. Split ladyfingers in half lengthwise. Arrange 9 ladyfinger halves lengthwise in 3 rows, rounded side down, in a single layer in bottom of pan. Brush 1 tablespoon Grand Marnier over ladyfingers in pan.

Spread about 1/2 cup chocolate mixture over the ladyfinger layer. Repeat procedure 3 more times with the remaining ladyfingers, Grand Marnier, and chocolate mixture, ending with ladyfingers (1 lady finger half will be left over). Cover; chill for at least 8 hours.

Uncover and invert the pan onto a serving platter; remove the plastic wrap. Sprinkle with powdered sugar. Yield: 9 servings (serving size: 1 slice of cake and 3 tablespoons topping).

Notes: Dutch process cocoa has less acidity than regular cocoa, and it gives the pudding mixture a smoother chocolate flavor. Serve cake with chocolate-whipped topping mixture.

Serving Ideas: Garnish each serving with an orange slice, if desired.

Black Cake

1 pound raisins, minced
1 pound pitted prunes, minced
1 pound dried currants, minced
1 pound glaceed cherries, minced
6 ounces glaceed lemon peel, minced
6 ounces glaceed orange peel, minced
1 bottle (750 ml) Manischewitz Concord Grape wine
1 bottle (750 ml) dark rum
2 pounds dark brown sugar
4 1/4 cups all-purpose flour
4 teaspoons double acting baking powder
1/2 teaspoon freshly grated nutmeg
1/2 teaspoon cinnamon
4 sticks (2 cups) unsalted butter, softened
10 large eggs
1 tablespoon vanilla
1 1/2 cups almond paste, if desired

7 cups confectioners' sugar, sifted
6 large egg whites at room temperature
2 tablespoons strained fresh lemon juice

silver dragees for decorating the cake

In a large bowl, combine well the raisins, the prunes, the currants, the cherries, the peels, the wine, and the rum and let the fruit macerate, covered, at room temperature for at least 2 weeks.

In a heavy skillet combine 1 pound of the brown sugar and 1 cup water, bring the mixture to a boil over moderate heat, stirring and washing down any sugar crystals clinging to the side with a brush dipped in cold water until the sugar is dissolved, and boil the syrup, swirling the skillet occasionally, for 3 to 4 minutes, or until it is reduced to 1 3/4 cups. Let the burnt sugar syrup cool and reserve it.

Into a bowl sift together the flour, the baking powder, the nutmeg, and the cinnamon. In the large bowl of an electric mixer cream together the remaining 1 pound brown sugar and the butter until the mixture is light and fluffy and beat in the eggs, 1 at a time, beating well after each addition. Beat in the vanilla, the flour mixture, and 1 1/3 cups of the reserved burnt sugar syrup, reserving the remaining syrup for another use. In another large bowl combine well the flour mixture and the fruit mixture and divide the batter between 2 buttered and floured 10-inch springform pans. Bake the cakes in the middle of a preheated 350F oven for 1 hour and 50 minutes to 2 hours, or until the cakes are set and a tester inserted in the centers come out with some crumbs adhering to it. (The centers of the cake will be quite moist). Let the cakes cool in the pans on a rack, remove the sides and the bottoms of the pans and wrap the cakes in foil or wax paper. Let the cakes stand at room temperature for 1 week.

Roll out half the almond paste between sheets of plastic wrap to form a 10-inch round and remove the top sheet of plastic wrap. Fit the almond paste layer over one cake, trimming the edge if necessary, and remove the other sheet of plastic wrap. Roll out and fit the remaining almond paste onto the remaining cake in the same manner.

Make the icing: In a bowl with an electric mixer beat 4 cups of the confectioners' sugar, the egg whites, and the lemon juice for 4 to 6 minutes, or until the mixture holds soft peaks. Beat in the remaining 3 cups confectioners' sugar and beat the icing until it holds stiff peaks.

Transfer 2 cups of the icing to a pastry bag fitted with a decorative tip, spread the remaining icing on the tops and sides of the cakes with a long metal spatula, and pipe the icing in the pastry bag decoratively onto the cakes. Arrange the dragees on the cakes. Makes 2 black cakes.

1 1/4 cups sugar
1 egg
3 egg yolks
1 teaspoon vanilla
2 1/2 cups all-purpose flour
1 teaspoon baking powder

Savannah Cream Cake

1 envelope (1/4 ounce) unflavoured gelatine
5 extra-large egg yolks
1 cup sugar
1/2 cup dry sherry
2 3/4 cups heavy cream, chilled
1 tablespoon vanilla extract
Angel Food Cake, cut into 1 inch squares
1 cup fresh strawberries, sliced
1 1/2 cups fresh raspberries
1 1/2 tablespoons fresh lemon juice

In a small bowl, sprinkle the gelatin into 1/2 cup of cold water and let soften. In a medium bowl, beat the egg yolks and 1/2 cup of the sugar until the mixture thickens and turns pale yellow, about 2 minutes. Stir in the sherry and 1/4 cup water.

Scrape the egg yolk mixture into a heavy medium saucepan and cook over moderate heat, stirring constantly, until the custard thickens enough to coat the back of a spoon lightly; do not let boil. Strain the custard into a large bowl and whisk in the softened gelatine; set aside.

In a large bowl, whip 2 cups of the cream until it begins to thicken. Gradually beat in 1/4 cup of the sugar and the vanilla. Continue to beat until moderately stiff. Cover and refrigerate the whipped cream.

Set the bowl containing the custard and gelatine into a large bowl of ice and water. Whisk gently until the custard is cold and beginning to set, 3 to 4 minutes. Remove from the ice and fold in the whipped cream.

Fold the Angel Food Cake squares into the custard cream until they are completely coated. Spoon this mixture into a buttered 10 inch tube pan. Cover and refrigerate until set, 1 to 2 hours.

Meanwhile, in a food processor, combine the strawberries, 1 cups of the raspberries, the remaining 1/4 cup sugar and the lemon juice; puree until smooth. Strain if desired to remove the seeds. Cover and refrigerate the strawberry-raspberry sauce until chilled. Beat the remaining 3/4 cup cream until moderately stiff.

To unmold the cake, wrap the tube pan briefly in a hot wet towel; run a knife around the edge. Unmold the cake onto a platter and cover with the whipped cream. Garnish the cake with the remaining 1/2 cup raspberries and serve the strawberry-raspberry sauce on the side.

2 c Sugar
8 tb Hershey's chocolate syrup
1 c Milk
1 tb Butter
1 ts Vanilla
1 sm Can marshmallow whip

Place the sugar, chocolate syrup and milk in a deep kettle and stir until the ingredients are well blended. Boil without stirring until the mixture will form a soft ball when dropped into cold water. 1 c Milk
3/4 c Boiling water

Use a large kettle to make this fudge, as it will boil very high. Break the chocolate into pieces and add the water, or simply mix cocoa and water; cook till thick. Mix the sugar, milk and salt and add to the chocolate; cook slowly, stirring all the time, until the sugar is dissolved, then boil more rapidly until the mixture will make a soft ball when dropped into cold water. Add the butter without stirring and let the mixture stand until it is cold. Now beat vigorously till nearly dry. Place in oblong shallow pans which have been well buttered; cut in squares. A cupful of broken nut meats or candied fruit may be added for variety.

Let cool until barely touchable (due to heat). Stir in chopped walnuts, vanilla and rum. Beat the mixture until it starts to set. Big Soft Chocolate Chip Cookies

Yield: 18 Cookies

1 1/2 Sticks Unsalted Butter
2 c + 2 Tbl. Unsifted, Bleached, All Purpose Flour
1/2 ts Baking Soda
1/2 ts Salt
1 c Light or Dark Brown Sugar
1/2 c Granulated Sugar
1 lg Egg + 1 Yolk
2 ts Pure Vanilla Extract
1 1/2 c Chocolate Chips

Place a rack in the middle of the oven. Preheat oven to 325 F. Temperature is critical so use an oven thermometer to verify the correct oven temperature and adjust as necessary. Melt the butter in a small saucepan and set aside to cool until it's lukewarm. In a large bowl, whisk the flour, baking soda, and salt. Do not sift. Place both sugars in a medium mixing bowl. Pour melted butter into sugar and mix until completely blended. Add egg, yolk, and vanilla extract. Mix until blended. Add flour mixture and mix until blended. Add chocolate chips. Mix just until chips are evenly distributed. Line 11 x 17 cookie sheets with parchment paper. Don't use waxed paper. It's too flammable.

Baking Instructions: Using a scant 1/4 cup of cookie dough, roll a ball in the palms of your hands. Grab the ball with the fingertips of both hands and pull the dough into two pieces resembling half moons. Rotate the halves so the two jagged/flat sides point toward the ceiling and push the two halves together. You'll now have a cookie with a jagged top surface (they look like little tree stumps). (I didn't do this for all of them and they were fine) Place the cookies (about 6 per sheet) onto the cookie sheets. Put cookies in oven and bake for 15 minutes.

Start checking for doneness after about 13 minutes and every two minutes thereafter. They are done when they are turning light golden brown and the edges are starting to get dry and firm while the centers are still soft. Cool cookies completely on their cookie sheets.

The twin secrets to these "mall style" cookies are the melted butter and the extra egg yolk.

Serving Suggestions Serve warm or allow to cool completely. Store completely cooled cookies in airtight containers, separating layers of cookies with waxed paper. The dough will keep refrigerated for 2 days and frozen for about 30 days. Be sure to wrap it closely with plastic wrap and place it in an airtight container. Thaw frozen dough overnight in the refrigerator. Baked cookies will keep in the freezer for a few weeks. Wrap individually in plastic wrap. Thaw 15 minutes at room temperature for a quick cookie fix.

NOTES: 1) The dark brown sugar makes darker colored cookies. The light brown or golden brown sugar makes lighter colored cookies. I prefer the dark ones because of the little extra flavor the molasses adds. 2) For a nice variation, use light brown sugar instead of dark, substitute white chocolate chips, and add 2 or 3 tsp. grated orange peel (from one large orange), to the batter. These are called White Chip, Orange Dream Cookies.

Our Favorite Southern Biscuits

Ingredients:

2 cups of all-purpose flour
3 teaspoons of baking powder
1/2 teaspoon of salt
A pinch baking soda
1/3 cup of butter
1 cup of buttermilk
Extra flour for working the dough

Preheat oven to 500 degrees. Grease a 8" round layer cake pan.

Sift dry ingredients together (except for the extra flour). Put in mixing bowl. place shortening on top, it should be quite cool. Cut in with a pastry blender or two knives.

Pour in the cup of buttermilk and stir lightly with a fork. The batter must be very moist! If it is not then add up to another 1/4 cup of buttermilk. The combination of a very hot oven, a small baking pan and very wet batter creates much steam within the biscuit which makes them rise to great height and wonderful lightness.

Empty the wet batter into the shallow bowl over the cup and a half of flour. You will be preparing your biscuits right out of this bowl. Flour your hands real good and scoop out a very large heaping table-spoon of batter into your hands(you should end up with about 10 biscuits). Roll the piece of batter around in your hands just till it takes on a round shape. Keep your hands very floury so it (the batter) doesn't even get a chance to stick) Kind of shake off the excess flour and put the biscuit in the prepared pan. The biscuits should be nestled quite snugly together.

Put the pan on a rack that has been placed in the lower center of the oven. Close quickly and bake for about 12 minutes till they are high and golden brown.

Easter Bread

Ingredients:

- 1 cup of milk
- 1/2 cup of sweet butter
- 1 package of active dry yeast
- 1/2 cup of granulated sugar
- 1 teaspoon of salt
- 2 Eggs, beaten
- 5 tablespoons of orange juice, divided
- 1 tablespoon of grated orange rind
- 5 1/2 cups of sifted flour
- Butter, melted
- 1/4 cup of slivered almonds
- 2 tablespoons of granulated sugar

In a small saucepan, combine the milk and butter over medium heat and scald. Stir until the butter melts, then pour into a mixing bowl. When lukewarm, sprinkle in the yeast, and gradually stir in the 1/2 cup sugar until it dissolves.

Next add the salt, eggs, 3 tablespoons of orange juice, and the orange rind, stirring continuously. Gradually add half the flour until the mixture begins to bubble. Continue adding flour gradually by hand; the dough will be sticky, but not stiff. Flour your fingers lightly and knead for 15 minutes. Place the dough in a large buttered bowl, brush the dough with melted butter, cover, and place in a warm area to rise until doubled in bulk (approximately 2 to 3 hours).

Punch the dough down and divide into 2 parts. Divide each half into 3 parts and roll each into a long rope about 10" x 2". Braid the three ropes together; pinch to seal the ends. Repeat with the other half of the dough to make a second loaf.

Place on a cookie sheet, cover, and let rise until doubled in bulk (approx. 1 1/2 hours). Meanwhile, prepare the glaze by mixing the remaining 2 tablespoons of orange juice, 2 tablespoons of granulated sugar, and the slivered almonds in a small bowl.

Bake at 375 degrees for about 20 minutes.

Remove from the oven and with a pastry brush glaze the tops and sides of loaves. Return to the oven and bake for another 15 to 20 minutes until the color is a rich and shiny chestnut.

Roast Turkey Breast with Maple-Glaze And Cornbread Stuffing

Ingredients:

1 - 6 to 6 1/2 lb. turkey breast
1 1/2 teaspoons of dried sage
1 1/2 teaspoons of dried thyme
Freshly ground black pepper
2 tablespoons of olive oil
1 1/4 cups of diced celery, with leaves
1 cup of chopped onion
1/2 cup of chopped fresh parsley
2 tablespoons of water, or as needed
2 medium Granny Smith apples, cored and diced (about 2 1/2 cups)
2-8oz. bags cornbread stuffing mix
1-14 1/2oz. can of chicken broth

Glaze:

1/3 cup of maple syrup
3 tablespoons of coarse-grained Dijon-style mustard

Remove skin and excess fat from turkey breast. Rinse the turkey and blot dry.

Preheat oven to 375 degrees F.

In large nonstick skillet heat the oil over medium heat. Add the celery, onion, parsley, and the remaining spice mixture. Cook, stirring frequently, until vegetables are slightly softened, about 3 to 4 minutes. If skillet gets dry, add a tablespoon or so of water. Stir in the apples and another tablespoon water. Cook, stirring, for 2 to 3 minutes more. Spoon into large bowl and add the stuffing mix. In measuring cup add enough water to broth to equal 2 1/4 cups and add to stuffing. Toss gently to mix. Spoon into roasting pan. If desired, place roasting rack in pan over stuffing. Place turkey breast on rack or directly on stuffing. Cover pan completely with aluminum foil.

Roast for 1 1/2 hours.

In medium bowl mix the maple syrup and mustard. Remove the turkey breast from the oven and take off the aluminum foil. Spoon about one-third of maple glaze over the turkey breast. Place the turkey breast on a serving platter and the stuffing into a covered serving dish. Let turkey stand for 20 minutes and carve into thin slices.

Easter Story Cookies - Author Unknown

Ingredients:

Bible

1 cup of pecan halves

1 teaspoon of vinegar

3 egg whites

pinch of salt

1 cup of granulated sugar

1 quart or 1 gallon size ziploc bag

wooden spoon

tape

Preheat oven to 300 degrees. Place pecans in ziploc bag and let kids beat them with the wooden spoon to break into small pieces. Explain that after Jesus was arrested, He was beaten by the Roman soldiers. Read: John 19:1-3. Then Pilate took Jesus and had him flogged. The soldiers twisted together a crown of thorns and put it on his head. They clothed him in a purple robe and went up to him again and again, saying, "Hail, king of the Jews!" And they struck him in the face.

Let each child smell the vinegar. Add teaspoon of vinegar into the mixing bowl. Explain that when Jesus was thirsty on the cross He was given vinegar to drink. Read John 19:28-30...Later, knowing that all was now completed, and so that the Scripture would be fulfilled, Jesus said, "I am thirsty." A jar of wine vinegar was there, so they soaked a sponge in it, put the sponge on a stalk of the hyssop plant, and lifted it to Jesus' lips. When he had received the drink, Jesus said, "It is finished." With that, he bowed his head and gave up his spirit.

Add egg whites to vinegar. Eggs represent life. Explain that Jesus gave His life to give us life. Read John 10:10-11. The thief comes only to steal and kill and destroy; I have come that they may have life, and have it to the full. "I am the good shepherd. The good shepherd lays down his life for the sheep."

Sprinkle a little salt into each child's hand. Let them taste it and brush the rest into the bowl. Explain that this represents the salty tears shed by Jesus' followers, and the bitterness of our own sins. Read Luke 23:27 A large number of people followed Him, including women who mourned and wailed for Him.

So far the ingredients are not very appetizing. Add 1 cup of sugar. Explain that the sweetest part of the story is that Jesus died because He loves us. He wants us to know and belong to Him. Read Psalm 34:8--Taste and see that the Lord is good; blessed is the man who takes refuge in Him and John 3:16--"For God so loved the world that He gave His only begotten son, that whoever believeth in Him shall not perish but have everlasting life."

Beat with a mixer on high speed for 12-15 minutes until stiff peaks are formed. Explain that the color white represents the purity in God's eyes of those whose sins have been cleansed by Jesus. Read Isaiah 1:18--"Come now, let us reason together," says the Lord. "Though your sins are like scarlet, they shall be as white as snow; though they are red as crimson, they shall be like wool." And John 3:1-3 Now there was a man of the Pharisees named Nicodemus, a member of the Jewish ruling council. He came to Jesus at night and said, "Rabbi, we know you are a teacher who has come from God, for no one could perform the miraculous signs you are doing if God were not with him." In reply Jesus declared, "I tell you the truth, no one can see the kingdom of God unless he is born again."

Fold in broken nuts.

Line cookie sheet with waxed paper. Drop mixture by spoonfuls onto waxed paper. Explain that each mound represents the rocky tomb where Jesus' body was laid. Read Matthew 27:57-60 As evening approached, there came a rich man from Arimathea, named Joseph, who had himself become a disciple of Jesus. Going to Pilate, he asked for Jesus' body, and Pilate ordered that it be given to him. Joseph took the body, wrapped it in clean linen cloth, and placed it in his own new tomb that he had cut out of rock. He rolled a big stone in front of the entrance to the tomb and went away.

Place the cookie sheet in the oven, close the door and turn the oven OFF. Give each child a piece of tape and seal the oven door. Explain that Jesus' tomb was sealed. Read Matthew 27:65-66 "Take a guard," Pilate answered. "Go, make the tomb as secure as you know how." So they went and made the tomb secure by putting a seal on the stone and posting a guard.

GO TO BED. Explain that they may feel sad to leave the cookies in the oven overnight. Jesus' followers were in despair when the tomb was sealed. Read John 16:20 "I tell you the truth, you will weep and mourn while the world rejoices. You will grieve, but your grief will turn to joy." And John 16:22 "So with you Now is your time of grief, but I will see you again and you will rejoice, and no one will take away your joy."

On Easter morning, open the oven and remove the cookies. Take a bite. Notice that the cookies are hollow!

On the first Easter Jesus' followers were amazed to find the tomb open and empty.

Read Matthew 28:1-9 After the Sabbath, at dawn on the first day of the week, Mary Magdalene and the other Mary went to look at the tomb. There was a violent earthquake, for an angel of the Lord came down from heaven and, going to the tomb, rolled back the stone and sat on it. His appearance was like lightning, and his clothes were white as snow. The guards were so afraid of him that they shook and became like dead men. The angel said to the women, "Do not be afraid, for I know that you are looking for Jesus, who was crucified. He is not here; He has risen, just as He said. Come and see the place where He lay. Then go quickly and tell His disciples: "He has risen from the dead and is going ahead of you into Galilee. There you will see Him. Now I have told you." So the women hurried away from the tomb, afraid yet filled with joy, and ran to tell His disciples. Suddenly Jesus met them, "Greetings," He said. They came to Him, clasped his feet and worshipped Him.

Resurrection Rolls - Author Unknown

Ingredients:

1 can refrigerated crescent roll dough

8 large marshmallows

Melted butter

Cinnamon

Sugar

Give each child one triangle shaped section of crescent roll. This represents the tomb. Each child takes one marshmallow which represents the body of Christ. Dip the marshmallow in the butter and roll in cinnamon and sugar mixture. This represents the oils and spices the body was anointed with upon burial.

Lay the marshmallow on the dough and carefully wrap it around the marshmallow. Make sure all seams are pinched together well. (Otherwise the marshmallow will "ooze" out of the seams) Bake according to package directions and let cool.

Pig-Picking Barbecue Pork

Note: This recipe calls for cooking the pork in the oven. It requires slow cooking at a low temperature of 325 degrees for quite a long time (3-5 hours). While this can easily be done using a gas grill, a charcoal grill would be more difficult. Anyway you choose to cook it, it's delicious!

Ingredients:

2 cups apple cider vinegar
1/4 cup firmly packed dark brown sugar
1 tablespoon red pepper flakes
1 1/2 teaspoons cayenne pepper
1 tablespoons salt, or to taste
1 teaspoon freshly ground pepper
for the sop:
2 cups apple cider vinegar
1/4 cup brown sugar
1 teaspoon red pepper flakes
1 teaspoon salt
1 boneless pork shoulder roast, about 4-5 pounds

Preheat oven to 325 degrees. Combine the first 2 cups vinegar, brown sugar, red pepper flakes, cayenne, salt and pepper in a stainless steel or glass bowl and set aside. In another bowl, make the sop by combining the second 2 cups vinegar, brown sugar, red pepper, and salt. Place the pork in a roasting pan. Pour the sop in the pan. Cook for 3-5 hours, uncovered, basting with the sop occasionally and until the temperature reaches 160 degrees in the center of the roast. Remove the roast from the oven and let cool about 30 minutes. When cool enough to handle, slice or shred the meat. Pour 1 cup of the reserved sauce over the meat to moisten it. Serve with additional sauce piled high into hamburger buns for a famous Southern BBQ sandwich.

Spicy Blackened Catfish

Ingredients:

2 teaspoons sweet paprika
1/2 teaspoon dried oregano, crumbled
1/2 teaspoon dried thyme, crumbled
1/4 teaspoon cayenne, or to taste
1/2 teaspoon sugar
1/2 teaspoon salt
1/4 teaspoon freshly ground black pepper
2 catfish fillets (about 1 pound)
1 large garlic clove, sliced thin
1 tablespoon olive oil
1 tablespoon unsalted butter
lemon wedges as an accompaniment

In a small bowl combine the paprika, oregano, thyme, cayenne, sugar, salt, and black pepper. Pat the catfish dry, and sprinkle the spice mixture on both sides of the fillet, coating them well. In a large skillet saute the garlic in the oil over moderately high heat, stirring, until it is golden brown and discard the garlic. Add the butter, heat it until the foam subsides, and in the fat, saute the catfish for 4 minutes on each side, or until it is cooked through. Transfer the catfish fillets with a slotted spatula to 2 plates and serve them with the lemon wedges. Place an empty 10-inch cast-iron skillet over high heat until bottom has a definite white haze and begins to smoke slightly. Remove fish from refrigerator; dip 1 fillet in warm butter sauce, coating well. Place fish in hot skillet, taking care that spits and spatters do not burn you. Fish will sear and cook almost immediately. Turn fillet over; blacken other side. Repeat with remaining fillets.

Reserve remaining butter sauce. As fillets are cooked, place them on individual plates; keep warm. Discard accumulated butter sauce in skillet and charred bits between batches. When all fillets have been cooked, wipe skillet clean and place empty skillet back on heat. Add reserved butter sauce; carefully swirl skillet 5 or 6 times to blacken butter. Ingredients:

2 tablespoons of salt	1/4 cup of sugar
2 tablespoons of ground cumin	2 tablespoons of fresh ground black pepper
2 tablespoons of chili powder	4 tablespoons of paprika
2 racks of 10 to 12 pork ribs	

Basting Sauce

1 3/4 cups of white vinegar	2 tablespoons of hot pepper sauce
2 tablespoons of sugar	1 tablespoon of salt
1 tablespoon of fresh ground black pepper	

Combine salt, sugar, cumin, pepper, chili powder and paprika to make barbeque rub. Rub ribs thoroughly with this mixture. Place ribs on baking sheets and cook in 180 degree oven for 3 hours. Do not turn as slow cooking infuses the spices.

Remove from oven. (The ribs may now be covered and refrigerated up to 2 days before grilling)

Use very low charcoal fire with rack set as high as possible. Grill ribs 5 minutes to 30 minutes per side, depending on heat and temperature of ribs. Ribs should have light outer crust and be heated throughout.

If you prefer juicy ribs, coat with basting sauce just before removing from grill. Otherwise serve dry with sauce on side. Remove ribs from grill, cut in between bones and serve.

Salt and Fresh Ground Pepper to Taste
1/2 cup Pineapple Juice reserved from relish
1/2 cup Chicken Broth

Green Beans With Wild Mushrooms

Mixing wild mushrooms with green beans is a great way to make the most of a pricey but delectable ingredient. Prepare this dish up to one day ahead with shiitake, cremini or oyster mushrooms, or a combination of all three.

1 1/2 pounds green beans
2 tablespoons butter
1/2 pound fresh wild mushrooms (such as shiitake, cremini, oyster or a combination)
Salt
Ground black pepper

Trim stem ends from beans. Bring a large saucepan of lightly salted water to a boil. Add beans and cook, uncovered, 5 to 7 minutes, or until tender-crisp. Drain and rinse under cold water to stop cooking. Trim and clean mushrooms. In a 12-inch skillet over medium-high heat, melt butter and cook mushrooms, stirring frequently, until mushrooms give up their liquid and then reabsorb it, about 10 minutes. (Can be made up to 1 day ahead to this point if covered and refrigerated and mushrooms and beans are stored in separate dishes.) Just before serving, in a 12-inch skillet over medium-high heat, heat mushrooms and beans just until hot. Season with salt and pepper to taste. Makes 8 servings.

1 beef roast
1 cup Red Wine Vinegar
1 can creamy mushroom soup
1 pkg. Lipton Onion soup mix (dry)
1/2 cup water (optional for more "gravy")

Drunk Chicken

Preheat oven to 350 degrees

Serves 6-8 (depending on how many chicken breasts you use! Use less if you want!)

6-8 Chicken Breasts, boneless & skinless
1 can Fat Free Cream of Mushroom Soup
1 Can Fat Free Cream of Chicken Soup
1 Canister Chicken Stove Top Stuffing (the Cornbread Stuffing is yummy too)

Blush Wine (I use the cheapest one, comes in a cardboard milk container!)

Mix together Cream of Mushroom & Chicken Soup & spread ONE HALF of the soup mixture in the bottom of a 9x13 baking dish. Place chicken breasts on top of soup mixture. Cover chicken breasts with remaining half of soup mixture.

Cover chicken & soup with stuffing mix, (I pour about an inch worth over chicken, you can pour as much or as little as you want! Just make sure you can't see any soup mixture.) Saturate stuffing mix with wine. (Make sure the stuffing mix is well saturated or it will burn!)

Bake for 45 min. to 1 hour, until chicken is done. Check to make sure your stuffing isn't burning. If it is browning quick, cover loosely with foil.

Crockpot Meatloaf with Sour Cream Mushroom Sauce

8 oz Container onion sour cream Dip
2 1/4 c Soft bread crumbs
1/2 c Finely chopped celery
1/4 c Chopped onion
2 tb Chopped pimento
1 t Dried dillweed
3/4 ts Salt Dash of pepper
1 lb Ground beef
1 lb Ground pork
Sour cream mushroom sauce*
2 Beaten eggs

In large bowl combine the eggs, 1/2 c of the onion sour cream dip, the bread crumbs, celery, onion, pimento, dillweed, salt and pepper ; mix well. Blend in the ground beef and pork. In crockpot crisscross two 15" x 2" strips of foil. (Use heavy duty or double thickness of regular), across the bottom and up the sides. Place the meat mixture atop the foil strips, pressing lightly to form a round loaf, that doesn't touch the sides of the pot. Cover; cook on low heat 8-9 hours. Lift out the meatloaf, using the " foil " handles; drain off excess fat. Serve with Sour Cream Mushroom Sauce.

Sour Cream Mushroom Sauce:

In saucepan combine remaining 1/2 C of onion sour cream dip and one 10-3/4 oz can of condensed cream of mushroom soup. Heat through, stir occasionally.

Baked Cube Steak and Gravy

1 1/2 to 2 lb. cube steak
1 pkg. gravy mix (brown or mushroom)
1 1/4 c. water
1 (4 oz.) can mushrooms, drained
1 medium onion, chopped fine
1 Tbsp. Worcestershire sauce
1 Tbsp. soy sauce
1 Tbsp. steak sauce (A1)

Combine the gravy mix, water, Worcestershire, soy and steak sauces. Add the mushrooms and onions. Place the cube steak in this mixture in a covered 2-quart baking dish. Bake at 350 degrees for 2 hours. The combination of Worcestershire, soy and steak sauces helps to tenderize the steak and adds extra flavor to the gravy.

1/8 teaspoon ground black pepper
2 tablespoon all-purpose flour

Chicken Jo

This comes from Florida and Dick's cousin Jo. It's been a popular Knight recipe for the past 30 years. I served it once to Mrs. Dewees who was known for her finicky appetite. She went back for thirds. Poor old thing, I bet she was uncomfortable for the next week.

Preheat oven to 400 degrees. Flour, salt, and pepper 1 chicken, cut up, or 4-6 split breasts. Place bony-side up in casserole dish. Bake 35-40 minutes. Reduce heat to 325 degrees.

Mix together: 2 cans mushrooms, drained, 2 cans cream of mushroom soup, and 1/4 cup milk

Pour soup mixture over chicken. Sprinkle with parsley (and a little paprika). Bake 15-20 minutes more. Serve over rice.

Chicken Curry

Another Knight recipe. The original came from Dick's Aunt Adah's husband, Henry Toombs. I've simplified it.

Stew 1 chicken. Cool and debone.

Saute:

4 onions, chopped
6 ribs celery, sliced
Chicken pieces

Sprinkle on top:

4 tablespoon flour
2-4 tablespoon curry powder

Add, as desired:

1/2 cup raisins
Cayenne, to taste
Plum or currant jelly
1-2 dried red peppers
1 1/2-2 tablespoons fresh ginger, minced

Add 2 cups chicken broth. Simmer 45 minutes.

About 5 minutes before serving, add 1/4 cup lemon juice. Serve over rice.

At the table, pass any of the following to spoon on top of curry. I use as many as I have on hand.

Shredded coconut	Sliced apples
Canned onion rings	Halved grapes
Hard-boiled egg*	Sliced mango
Pineapple chunks	Diced banana
Chopped pecans	Salted peanuts
Major Grey's chutney	Chinese pickled ginger

*Do not use with silver spoon!

Variation: Substitute 2 pounds cleaned shrimp for chicken. Use 1 can chicken broth and 1 broth can of milk for liquid. Add 1 can coconut milk.

Garlic Shrimp

In large frying pan, heat 2 T. olive oil
and 1/2 stick butter.

Add;

shrimp.

2-3 cloves garlic, minced

a little dried parsley

sprinkle or two or paprika.

Cook just until shrimp turn pink--@ 12-15 minutes. DO NOT OVERCOOK. Remove shrimp from pan and keep warm.

Add another 1/2 stick of butter or 2 T. olive oil and 2 cloves garlic, minced to frying pan. Sauté breadcrumbs made from 2-3 slices bread until well toasted. Serve over shrimp.

John's Favorite Shrimp

From Dick's mother--simplified by me. John asks for it when he gets home.

To prepare, mix together in large bowl:

1 lb. peeled shrimp, rinsed and patted dry

1 pkg. frozen peas

1 can cream of celery soup

1/2 small carton sour cream

1 T. lemon juice

1/2 c. (or small can) chopped black olives

2 T. slivered almonds

Quick Hamburger Pie

1 lb. ground beef
1/2 c. chopped onion,
1 lb. canned or frozen green beans
1 can tomato soup
salt and pepper

Brown meat and onion and season to taste. Drain off fat. Mix meat, beans and soup in 1 1/2 qt. casserole. sprinkle top with cheese if desired. Bake at 350 for 25 minutes.

This casserole is quick, tasty, nourishing and easy on the budget. Very good with hot biscuits and a tossed salad. I will sometimes vary the vegetable to corn, carrots or mixed vegetables just for variety.

Tuna Potato Pie

1 can tuna
1 can cream of vegetable soup
1/2 c. milk
1/2 pkg. instant mashed potatoes

Combine tuna, soup and milk. Pour into 9" pie plate. Prepare potatoes as directed on package. Drop by large spoonfuls onto tuna mixture. Bake at 450 until potatoes are lightly browned, about 15 minutes. Easy and tasty meal. Great with a salad.

My name is Joyce Inman. This is a family favorite, a birthday dinner request. If you are watching your fat intake like us, this is only an occasional treat. I've tried skipping the frying in oil part, but the result was mushy tortillas. (Not advisable)

Fabulous Enchiladas

- 1 lb ground beef
- 1 can cream of mushroom soup
- 1 can enchilada sauce
- 1/2 can water
- 1 small can chopped green chilies
- 1 dozen corn tortillas
- 1 1/2 lb shredded cheddar

Brown beef; drain. Add soup, enchilada sauce, water and chilies; simmer over low heat while preparing tortillas. Heat some oil in a skillet. Heat tortillas one at a time for a few seconds until limp. If oil is hot, put tortilla in, flip it over, and take it out. Drain on paper towels. Place 1 cup sauce in 9x13 pan sprayed with cooking spray. Place about 1/4 cup cheese on each tortilla, roll up, arrange on sauce in pan. Top with remaining sauce, making sure to cover all of tortillas. (Any tortilla left exposed will get hard in oven) Sprinkle top with cheese. Bake at 350 for 15-20 mins or until hot and bubbly and cheese is melted. Serves 4-6

My family doesn't like the chilies or mushroom chunks, so I blend the soup, sauce, water and chilies until fairly smooth then proceed as directed.

Meatloaf

- 2 Pound ground beef
- 1/2 Cup ketchup
- 1/2 teaspoon garlic salt
- 1/2 teaspoon onion salt
- 1 Cup or more Italian bread crumbs
- 1/2 Cup Pepsi

Mix altogether and shape into loaf. Bake at 350 degrees for 1 hour. This is so moist and so good. I just came up with this recipe one day.

Whistle Stop Chicken and Dumplings Stew

1 cooked chicken (the BBQ kind you get at the grocery store)
1 Litre of chicken broth in Tetra Pack (you can usually find these easily now)
1 Large Onion Chopped up
3 Big Stalks Celery Chopped up
1 1/2 to 2 Cups baby carrots (the already peeled kind in the bag)
1 Cup frozen Peas
1 Bay leaf
1 Can Cream of (whatever you have) Soup (low fat is good to use too)
1 Cup Milk (I don't recommend skim for this but you can get away with 2%)

Dumplings:

2 Cups Bisquick
2/3 Milk
Pepper or Paprika to taste

Cut up onion and fry in a little oil with Bay Leaf, add cut up celery and baby carrots and peas. I generally just start with the onion, then start cutting the celery then add it, then just keep working. Sauté while ripping apart chicken into bits. Add chicken bits to veggies. Add Chicken broth and bring to boil, then add can of soup, and milk. Bring up to a simmer. Remove bay leaf before dropping in the dumplings.

Make dumplings...just add pepper to the bisquick then milk, stir and then drop into simmering stew. Cook ten minutes uncovered, then ten minutes covered.

Dinner...in 30-40 minutes!

Baby Back Ribs

1-tablespoon ground cumin
1-tablespoon chili powder
1-tablespoon paprika
Salt and pepper to taste
3 pounds pork baby back ribs
1-cup barbecue sauce

Preheat gas grill for high heat. In a small jar, combine cumin, chili powder, paprika, and salt and pepper. Place lid on jar, and mix well. Trim off the membrane sheath from the back of each rack. Run a small sharp knife between the membrane and each rib, and snip or "shimmy" off the membrane as much as possible. Sprinkle or "throw" as much of the rub onto both sides of the ribs as desired. Do not rub the spices in, because the ribs will turn too dark and be too spicy. Unused portion of spice mix can be stored for future use. Place tin foil on lower rack to capture drippings and prevent flare-ups. Brush grate with oil, and lay ribs on top rack of grill. Reduce heat to low, shut grill, and leave undisturbed for 1 hour. Do not lift lid at all. Brush ribs with barbecue sauce, and grill an additional 5 minutes. Serve ribs as whole rack, or cut between each rib bone and pile the individual ribs on a platter.

Roasted Chestnuts

This method results in the traditional dry roasted taste and fragrance you can't get any other way. If you make them while eating dinner, they will be ready after the meal.

1. Preheat the oven to 425 degrees F.
2. Wipe the chestnuts with a damp cloth to remove any dust. With a sharp knife, cut an X into one side of each chestnut-- if you don't cut them they will explode and make a mess. Arrange chestnuts on a baking sheet in a single layer with the cut sides up.
3. Roast in oven for 15 to 25 minutes, or until chestnuts are tender. Allow to cool enough to handle before peeling off the outer and inner husk.

Vegetable and Rice Medley *

You like low fat? You can use vegetable broth in place of the chicken broth in this recipe.

Bunch of broccoli

1 Carrot

3 or so scallions, to make about 1/2 cup when chopped

Button mushrooms, to make about 1/2 cup when chopped

1 Clove of garlic

2 Tbsp parsley to taste

3/4 Cup of brown rice

2 Cups chicken broth

***Chop:**

broccoli, keeping stem separate from broccoli flowers (peeled or scraped)

carrot

scallions

mushrooms

garlic (I run this through a garlic press)

Heat in big saucepan about 1/4 of an inch of water on high heat.

***Add:**

scallions

garlic

broccoli stems (NOT flowers)

carrot

Cover and let steam for about 5 minutes.

Add to saucepan:

Mushrooms

Brown rice

1 1/2 cups broth

Chopped parsley

Stir once, keep covered on high heat until it comes to a very big boil. Stir again, then cover and turn down heat to very low. Cook on very low (don't remove cover--I use glass cover to saucepan so I can see in there) until the water has been mostly absorbed, about 35 minutes. At this point, the rice should have about 5 minutes to go (taste it to see). Add the rest of the broth and stir. Put in the broccoli flower on the top so that they get steamed for about 5 minutes or less. I like a little crunch to them. Enjoy and...

1 C. sugar
1 qt. Milk
4 eggs
1 t. vanilla
2 t. lemon zest (fresh is best)
2 t. cinnamon
1 pinch nutmeg (personally I use a large pinch)
10 oz. stale French bread, cut into 1 inch cubes

In a 2-quart saucepan dissolve the sugar in the milk over medium heat. After the sugar has dissolved, remove from heat and allow mixture to come to room temperature.

In a large mixing bowl, whip the eggs thoroughly. Add the milk and sugar mixture to the eggs. Add the remaining ingredients **(except the bread)** to the mixture and blend well. Add the bread to the mixture and allow it to absorb most of the liquid. Pour the bread mixture into a 12x8x2 inch buttered baking dish. Bake in a preheated 325 degree oven for 40 minutes or until firm. Allow the bread pudding to cool for 15 minutes after it is done. Serve with Myers Rum sauce (recipe follows) and whipped cream. Serves 8 to 10.

Myers Rum Sauce**

1/2 lb butter (*not margarine*)
1 lb. Sugar
3 oz Myers Rum
5 tempered eggs***

Melt butter in a 2 quart saucepan over medium heat. Add sugar stirring, constantly until sugar melts into the butter. **Add rum carefully, it might ignite.** Slowly add tempered eggs, stirring constantly. Cook for an additional 30 minutes and then remove from heat. Strain through a sieve.

**Myers Rum is a very dark Jamaican Rum. It has a full-bodied flavor and smell. Use the original dark. It is readily available in most super markets and liquor stores. If it should happen you can't find it look for an English Rum such as Prussers.

*** To temper eggs: Place eggs, in their shells, in hot tap water (approximately 120 degrees) for 2 minutes. Remove the eggs from water and crack them in a separate mixing bowl. Whisk the eggs.

Best Banana Pudding Ever

12 large egg yolks (reserve egg whites)	8 cups whole milk
1 cup flour, sifted	3 cups sugar
1 teaspoon salt	1 tablespoon vanilla flavoring
1 tablespoon banana extract	1/2 cup spiced rum (optional)
1/2 cup banana liqueur (optional)	1/2 stick butter, cubed
2-3 boxes vanilla wafers	8-10 bananas
12 large egg whites	2 teaspoons cream of tartar
1 teaspoon vanilla flavoring	sugar (to taste)
1 pint heavy whipping cream	sugar (to taste)
1/2 teaspoon vanilla flavoring	1/2 teaspoon banana extract
1/4 cup spiced rum (optional)	

Lightly beat egg yolks with the vanilla flavoring. Set aside. Combine flour, sugar, and salt and add to yolk mixture. Blend well. Heat milk on medium, stirring occasionally, but do not boil. When the milk starts to get foamy, add about a coffee cup full to the yolk mixture to temper (and thin it out). While constantly stirring (preferably with a whisk), slowly add the yolk mixture to the hot milk. Continue cooking on medium heat and stir often to prevent sticking and clumping. When the pudding starts to thicken, add the banana extract, rum, and banana liqueur. Remove the pot from the heat if you're using gas to prevent flame-ups. Stir constantly while the mixture thickens once again, anywhere between 2 and 5 minutes. This time will also burn off the alcohol. Remove from heat and stir in butter until melted. Cool pudding completely to retain crunchier vanilla wafers or assemble warm if you like softer pudding.

In a large oven-proof (not metal) dish (I use a 14-inch round 5-inch deep pottery bowl or 9x12x2 rectangular pottery lasagna dish.) Layer vanilla wafers, bananas, and pudding. Try to fill in all holes with the wafers, especially on the bottom layer. The top layer should be the pudding mixture. This recipe makes about 4-5 layers depending on the serving dish. You may even have some pudding left over. When the pudding is assembled, make the meringue and whipped cream.

For the meringue, start beating the egg whites. When they're foamy but not too stiff, add the cream of tartar, vanilla and sugar and continue beating until stiff peaks form. Spread the meringue over the pudding and put under the broiler until lightly browned. Serve with whipped cream.

For whipped cream, beat the cold heavy cream in a cold metal bowl until stiff. Add the sugar, vanilla, banana extract, and rum. Minus the banana extract, this whipped cream is wonderful on other desserts as well.

Peanut Butter Balls

1/2 cup margarine or butter
1 1/2 cups Peanut Butter
1 box powdered sugar
1 teaspoon vanilla

Beat mixture together with mixer and roll into balls-freeze for 10 minutes.

That's all I do; but you can do whatever you like:

(Dip in mixture of 1-6oz pkg of semi-chocolate chips and 1/2 cake of paraffin which you melt in double boiler.

To dip them put a toothpick in and dip and then place on wax paper.
When you have them all dipped go back with a spoon and fill in the hole.

I shave the paraffin it melts faster that way.)
You could roll them in corn flake crumbs or powdered sugar.
Use your own imagination or leave them like I do.

Lunsford's Chocolate Sheet Cake

This is a family favorite submitted for the Fall season, perhaps a nice football season treat. You use a jelly roll pan, but you do not have to roll this cake. Many thanks to Barbara Hill of Fairfax, Virginia for this fun Autumn cake. She had the recipe handed down from her Aunt Woots!

Ingredients

For the Cake

2 cups sugar
2 cups flour
4 Tablespoons rich cocoa powder
1 cup boiling water (see directions below)
1 cup (two sticks) butter or margarine
1/2 cup buttermilk
2 eggs
1 teaspoon baking soda
1 teaspoon vanilla

For the Icing

1/2 cup (one stick) butter or margarine
1 teaspoon vanilla
1 box confectioner's sugar
4 tablespoons cocoa
6 Tablespoons milk
1 cup nuts, chopped

DropBooks

Directions

For the Cake

Preheat oven to 375 f. Prepare a jellyroll pan or shallow sheet cake pan by greasing and dusting with flour, shaking out excess. In a rather large mixing bowl, stir together the 2 cups sugar, 2 cups flour, and 4 Tablespoons rich cocoa powder. In a sauce pan, bring to a boil the 1 cup water and the 1 cup (two sticks) butter or margarine. Carefully pour this boiling mixture into above dry mix and stir well until blended. Cool just a bit so as not to "cook" the eggs in the next step. Add buttermilk, eggs, baking soda, and vanilla. Mix well. Pour into prepared pan, smoothing to make the batter even. Bake at 375 degrees for 15-20 minutes.

For the Icing

Melt 1/2 cup (one stick) butter or margarine in saucepan; stir in vanilla. In another bowl, mix 1 box confectioner's sugar, cocoa, milk, and the chopped nuts. Pour in the melted butter mix and stir. Spread on top of cake as soon as it comes out of the oven. (This gives the cake a rich, glazed look when it cools.) It is soooo good!!

1 c Heavy Cream; Whipped

Press the dough firmly into a ball and then roll out on a lightly floured surface into a 13-inch circle. Loosely fit the dough into a 9-inch pie plate and trim the edge so that there it reaches 1 inch beyond the rim of the pie plate. Fold the extra under the edge of the crust to form a ridge. Flute the edge and prick the entire surface of the pie shell with a fork. Bake at 400 degrees F for 12 minutes or until a golden brown. Cool on a rack. Stir the 1/4 cup of sugar, the gelatin and salt together in a 2-quart saucepan. Stir in the milk and slightly beaten egg yolks. Add 3 (1 oz) squares of unsweetened chocolate and cook over low heat, stirring constantly, until the chocolate melts and the gelatin dissolves. Remove from the heat and stir in the vanilla. Chill in the refrigerator, stirring occasionally, until the mixture is the consistency of unbeaten egg whites. Remove the chocolate mixture from the refrigerator and set aside immediately beat the egg whites and cream of tartar, in another bowl, until foamy, using an electric mixer set on high speed. Gradually add the 1/4 cup of sugar, 1 Tbls at a time, beating well after each addition. Continue beating until stiff, glossy peaks form when the beaters are slowly lifted. When the chocolate mixture mounds slightly when dropped from a spoon, beat until smooth, using an electric mixer at medium speed. Fold the egg white mixture into the chocolate mixture; then fold in the whipped cream. Chill in the refrigerator until the mixture mounds well when spooned. Turn into the chocolate pie shell. Chill in the refrigerator for 2 hours or until set.

To serve, decorate the pie with puffs of sweetened whipped cream. Grate and sprinkle the chocolate over the whipped cream.

Dessert "Pizza"

Recipe By :Trudi

2 - 20oz Packages sugar cookie dough
2 – 8oz Packages cream cheese, softened
2/3 Cup sugar
2 Lg Cans Crushed Pineapple, Well Drained
2 Lg Cans Mandarin Oranges, Well Drained
6-8 Kiwi Fruit, Peeled, Sliced
1-2 Pints Strawberries, Sliced
2-3 Bananas, Sliced (not Too Thin), Sprinkled
With Fruit Fresh -- to prevent browning
Fruit Fresh

Preheat oven to 350°. Spray large cookie sheet with Pam. (I invert cookie sheet-put on bottom of sheet- because mine has 1" sides and they get in the way) Pat out cookie dough right on baking sheet (remember to spray with Pam first). Bake 10-15 minutes, or until golden brown. Remove from oven and cool. After 5 -10 minutes, gently loosen cookie from cookie sheet (make sure not to "tear" cookie dough, if too soft, wait a few minutes and try again) with serrated bread knife (leave on cookie sheet). VERY IMPORTANT OR COOKIE WILL STICK TO COOKIE SHEET. DON'T FORGET! Whip cream cheese and sugar together and spread on COOLED cookie crust. Arrange fruit on top in order listed. Keep refrigerated until use.

NOTES : Excellent!! If you make it too far ahead of time the cookie crust will get soft, though it is great with a crunchy or soft crust!

Don't put the banana slices on until you are ready to serve or if that's impossible because of your schedule, make it one of the last things you do before you get yourself ready to party! Either way, sprinkle with Fruit Fresh to keep the bananas from turning brown. It really works and DOES NOT change the taste in any way. I sprinkle it on after I put a row or two of them on the pizza, don't wait until you have covered the pizza or they may start to brown. (Lemon juice makes the bananas too soggy)

Be sure that the Mandarin oranges and the crushed pineapple are drained "dry" (can press in colander to remove excess juice and then pat dry with paper towels to make sure).

Instead of making 1 "pizza", you can slice the cookie dough like you would if you were making cookies. Bake according to the directions on the package. That way you have tiny Dessert "Pizzas"; one or two for each guest, or for your lunches.

It's hard to gauge the amount of fresh fruit because it depends on how much you like to use. I would prefer to have extra than come up short. You can also add any fresh fruit you like (like blueberries, but cantaloupes, melons and watermelon are really too "wet") I find that this fruit combination is really the best.

3/4 real butter (room temperature at least)
3/4 cup chopped pecans

To make crust: mix stir all ingredients together, blending them very well. Press them into the bottom of a baking pan evenly (springform pan works the best). It should be baked at 350 degrees for 15 minutes. Let it rest for about 20 minutes.

Caramel Layer:

3 tbsp light cream
32 caramels
1 1/2 chopped pecans, slightly toasted

To make caramel layer: heat caramels and cream in a sauce pan over medium heat until smooth. Pour this liquid layer over the cooled crust, sprinkle the top with the pecans.

Cream Cheese Layer:

3 – 8 ounce packages of Philadelphia Cream Cheese softened
1 cup of Brown Sugar
2 tbsp of flour
3 large eggs
3 cups of creamed cottage cheese
3 tsp. of vanilla

To make cream cheese layer: Cream together cream cheese and brown sugar. Beat flour in and eggs one at a time. You can then add the cottage cheese and vanilla. Beat until low until it all combines quite well. Pour over the last layer you laid in the pan. Bake it all in the oven for about 1 hour at 350 degrees. Remove from heat and let it sit for about an hour. Cool the cake completely before removing from the pan.

Topping:

1 1/2 cups of whipping cream
11 squares of chocolate, roughly chopped
1 cup of toasted pecans

To make topping for Turtle Cheesecake: heat cream in sauce pan over medium heat until simmering. Add chocolate and stir until combines. Turn heat off and let it cool slightly. When it is lukewarm pour over cheesecake. Sprinkle pecans on top of the cake.

Chocolate Chip Rum Cake

1 Yellow cake mix.....MUST be Duncan Hines
1 small box instant chocolate pudding
4 eggs
1 Cup oil
1 Cup sour cream
1 tsp. vanilla
4 Tablespoons rum
1 Cup REAL chocolate chips.

Mix all ingredients together....except for the chocolate chips. Fold those in last. Pour into a bundt pan and bake 350 degrees for 50 minutes.

This is depending on your oven...you have to watch it so it doesn't burn on top and not be done in the middle.

I sometimes bake a little cooler oven for a little longer.....it has to be totally done in center or it will 'sag'. Dump out onto a plate...and...dust with powdered sugar..or..I use a glaze and drizzle over it.

Glaze:

2 Tablespoons cocoa
1 Tablespoon + 1 tsp. water,
1 Tablespoon oil or butter
1 Tablespoon white Karo syrup

Stir over low heat and add 1 Cup powdered sugar and stir over the heat till it is all smooth....drizzle over the cake

White Chocolate Cheesecake

I obtained this recipe from a Jell-O ad from a People magazine. It is a very easy, but tastes decadent. I have tried using a hand mixer to mix this recipe, but a hand whisk works the best.

Ingredients:

- 1 package (8 oz) Cream Cheese, softened
- 2 packages (4 oz each) white chocolate flavor Jell-O instant Pudding and Pie Filling (I have looked for this flavor in the "store" brands, but right now Jell-O is the only one to make it)
- 2 cups cold milk, divided
- 1 tub (8 oz) cool whip whipped topping, thawed
- 1 prepared graham cracker crumb crust (6 oz)

Beat cream cheese and 1/2 cup of the milk in a large bowl with a wire whisk until smooth. Add remaining 1 1/2 cup of milk and the pudding mixes. Beat with the wire whisk for one minute. Stir in whipped topping until smooth and well blended. spoon into crust. Refrigerate 4 hours or until set. Garnish with white chocolate curls. Store leftover pie in the refrigerator.

Makes 8 servings.

Note: I buy the extra serving size pie crust made by Keebler for this recipe. The standard size crust seems too small. It fits better in the bigger crust.

Pecan Diamonds

Crust:

4 C all-purpose flour
1 C powdered sugar
2 C unsalted butter, cubed and softened (4 sticks)
1/4 C cold water

Filling:

2 1/4 C light corn syrup, divided
1 C granulated sugar
1 C light brown sugar, packed
6 large eggs
1 Tbsp. vanilla extract
1/4 C unsalted butter, melted
3 C pecan halves

Heat oven to 400 degrees. Lightly grease bottom of a 12-by-18-by-1 inch jelly roll pan with a rim. For the crust: In a large mixing bowl, stir together the flour and powdered sugar. Toss cubed butter into flour mixture. Using fingers, rub in butter until combined and a coarse texture appears. Pour cold water over mixture and gently press together. Dough will be crumbly; do not over-mix or knead.

Distribute dough crumbs evenly onto sheet pan. Flour fingertips and gently press dough into bottom and up the sides of the pan. Gently press down on dough with palms of hands to ensure even thickness. Bake for 20-25 minutes, until pale golden in color. Should air pockets appear during baking, prick with a toothpick or fork. Prepare the filling while the crust bakes. For the filling: In a large mixing bowl, whisk together 2 cups light corn syrup, granulated sugar, brown sugar, eggs and vanilla extract. Slowly pour melted butter into the mixture and continue whisking until smooth. Stir in the pecan halves.

Slowly pour filling over hot, pre-baked crust, evenly distributing nuts. Be sure oven racks are level and carefully place sheet pan back in oven; you don't want any sticky mixture to spill onto the oven floor. Lower temperature to 375 degrees and bake 30-35 minutes, until deep golden brown.

Cool 2 minutes on rack. In a small glass bowl, microwave remaining 1/4 cup corn syrup for 20 seconds, until warm. Gently brush corn syrup over pecan filling. While still warm, run a knife around the crust edges to loosen. Cool 6 hours or overnight before cutting.

With a sharp knife, cut the long side of the pan into 6 sections. Then cut into 3 equal sections lengthwise. Cut each of those pieces on the diagonal to create triangle shapes.

A serving of 2 pieces creates a diamond shape. Serves 36.

White Chocolate Banana pie

Gail Parker

1 (9 inch) pie crust, baked
6 egg yolks, beaten
5 tablespoons white sugar
1/4 cup sifted cornstarch
2 cups milk
1 vanilla bean, halved
2 tablespoons butter, diced
3 ounces white chocolate, melted
8 ripe bananas
1 lemon, juiced
1 pint whipping cream
12 ounces white chocolate
2 teaspoons unsweetened cocoa powder, for garnish

To Make White Chocolate Pastry Cream:

In a medium bowl, whisk together egg yolks and sugar until pale yellow. Whisk in cornstarch. In a medium saucepan, heat milk and vanilla bean to just below the boiling point. Slowly whisk a small amount of hot milk into egg yolk mixture, then stir egg yolk mixture back into pan. Bring to a boil over low heat, stirring constantly. Stir in butter, then strain mixture through a sieve. Place plastic wrap over the surface of mixture to keep a skin from forming. Allow to cool slightly, then stir in melted white chocolate. Chill pastry cream. Slice bananas and toss with the lemon juice to keep from discoloring. Set aside. In a large bowl, whip chilled whipping cream until stiff peaks form. Fold into pastry cream, then fold in bananas. Fill pie shell with banana cream filling. Top generously with white chocolate curls, then dust with cocoa. Serve soon after assembling so crust doesn't get soggy.

To make white chocolate curls, carefully draw a vegetable peeler across the broad, flat surface of a room-temperature (about 80 degrees) chunk of white chocolate to make large, thin curls. Refrigerate until ready to use

Thanksgiving – The Harvest Feast

By Mary Emma Allen

Thanksgiving has played an important role as a traditional harvest feast in the lives of Americans since the days of the Pilgrims. At this time of year, when the crops were gathered for winter, they gave thanks and acknowledged the many rewards of their labors.

Harvest feasts are not new in the history of man; they've been held for centuries in various parts of the world. Early in October, the ancient Romans dedicated an annual harvest festival, or Cerelia, to Ceres, their goddess of grains and harvests.

Plymouth Thanksgiving Best Known

Although some historians think that other colonists held feasts of thanksgiving before the Pilgrims, most credit those Massachusetts settlers with starting this celebration. More is known about the feast at Plymouth Plantation. So the accepted version of the Thanksgiving story is that these stalwart settlers began the tradition in the autumn of 1621.

To this harvest feast, the Pilgrims also gave religious meaning by holding services and offering prayers of gratitude for their new homes, their religious freedom, the friendly natives, and their crops. Though meager, this harvest would furnish them with food for the approaching cold winter months.

Thanksgiving Becomes a Tradition

This custom of an annual Thanksgiving feast was repeated year after year and became a tradition throughout various colonies. As crops became more diversified, Thanksgiving menus were more elaborate. Turkey remained the traditional meat, but vegetables now included onions, turnips, white and sweet potatoes. Desserts encompassed a range of pies from mince (first made with dried cherries) to pumpkins, squash and apple to puddings of cranberry and/or corn meal and dried plums.

Becomes An Official Holiday

With the encouragement of Sarah Josepha Hale, President Abraham Lincoln declared Thanksgiving a national holiday. In 1941, an Act of Congress established the fourth Thursday of November as an official holiday of Thanksgiving.

Feeding a Crowd for the Holidays

**Enjoy stress-free holiday entertaining
no matter how big the party**

(ARA) - If you're cooking for a large crowd this holiday season -- friends or relatives or a combination of both -- there's no need to panic. Entertaining a group of 15 or more guests can be relaxing, enjoyable, and yes, fun. With careful menu planning, advance preparation, and easy-to-make and easy-to-maintain dishes, anybody can enjoy themselves in a crowd.

Here's what the chef instructors of The Art Institutes say about stress-free entertaining for a crowd:

Start with smart shopping by stocking up on pantry items a week in advance and for perishables one or two days in advance. That way when you forget something, you have time to run back to the store.

Select menu items that can be made a day or two in advance so you are not exhausted and can enjoy the party. Select foods that can be served cold or at room temperature and that can be served family style on large platters for quick serving.

Try to incorporate healthy foods into your menu by thinking of ways to add fruits and vegetables to your menu; they are inexpensive, filling and healthy.

Don't be afraid to add color because the more colorful the food, the higher the nutrients.

Buffets mean folks eat more, so if you want to serve this way, remember your guests will have a tendency to eat one-third more food because it all looks so good. Think about lower calorie options for those that are concerned about their waistlines.

Stay with the types of dishes you're comfortable preparing. Go for familiar food with a twist and easy but beautiful presentations.

Set the table the night before if you're planning seating arrangements. That helps to reduce confusion among your guests as well as yourself. Arrange seasonal accessories the night before so you'll have plenty of time to enjoy your guests.

Sweet Tropics Fruit Salad

Serves 6 to 8 (recipe can be doubled)

- 1 large stalk of celery, cut into 1/2 -inch cubes
- 3 golden kiwi fruits, peeled and cut into 1/2 -inch cubes
- 1 cup jicama peeled and cut into 1/2 -inch cubes
- 1/4 cup finely minced red onion
- 1 medium mango (ripe but still firm), peeled and cut into 1/2 -inch cubes
- 1 jalapeno pepper, seeded and finely minced
- 3 tablespoons fresh lemon juice
- 1 tablespoon extra -virgin olive oil
- 4 tablespoons finely chopped fresh mint leaves

Directions: Peel and chop ingredients as directed. Combine ingredients in a large bowl and stir to coat. Add salt to taste.

Roasted Red Pepper Crostini

Makes 24 servings

- 1 French baguette
- 1 tablespoon olive oil
- 30 Kalamata olives, pitted
- 2 red bell peppers, roasted and seeded
- 1/3 cup tomatoes, seeded
- 3 cloves garlic
- 2 teaspoons olive oil
- 1/4 teaspoon kosher salt
- 1/4 teaspoon black pepper
- dash of sugar

Cut baguette into 24 slices and brush with olive oil. Bake in 450 -degree oven for five to six minutes or until lightly browned. Remove from oven and set aside. Roast peppers in the oven under the broiler, rotating to blacken each side. Peppers will take about 15 minutes to roast. When peppers are charred, place in a bowl, tightly covered with plastic wrap. Let cool. Discard charred skin and remove stem and seeds. In a food processor, combine olives, peppers, tomatoes, garlic, olive oil, salt, pepper and sugar. Pulse briefly two or three times; you want the mixture to be chunky. Spread mixture onto baguette slices. Garnish with shredded Parmesan cheese and fresh chopped parsley.

You can make this recipe a day in advance and assemble the day of the party.

Caramelized Onion and Prosciutto Pizza

Chef's note: this recipe uses a simple pie crust flavored with herbs, and can be made as a large pizza or as individual tarts. Serves 16

2-1/4 cups all purpose flour
1/2 teaspoon salt
2 sticks unsalted butter, diced and chilled
1/2 teaspoon dried thyme
1/4 teaspoon ground black pepper
5-6 tablespoons ice water
2 yellow onions, cut into 1/4 -inch dice
2 tablespoons vegetable oil
1/2 teaspoon salt
4 ounces softened cream cheese
1/4 pound thinly sliced prosciutto, cut into julienne strips

Combine the flour and salt in a large mixing bowl. Add the diced butter and cut into the flour until the texture resembles coarse sand. Mix in the herbs. Add the water, one tablespoon at a time, until the mixture forms a dough. Form into a ball and chill for 30 minutes. Remove the dough from the refrigerator, and cut in half. Roll each half out into a sheet about 1/4 -inch thick. Cut into an 8 -inch circle, or into individual 3 -inch circles. Pierce circles with a fork and bake on a flat cookie sheet at 350 degrees for about 15 to 20 minutes, or until golden brown. Allow to cool.

In a large sauté pan, combine the oil and onions. Place the pan over medium -low heat and begin to cook the onions. Cook for 10 minutes, stirring occasionally until the onions begin to collapse. Add the salt and continue cooking the onions another 20 minutes. Stir more frequently as the onions cook longer. The onions should be golden to deep brown and very soft.

Assembly: Take one 8 -inch circle of crust and spread with half the cream cheese. Top with half the onions and with half the prosciutto. Slice into wedges and serve.

Roasted Beet Salad

Serves 16

6 whole beets, approximately 4 inches in diameter
2 tablespoons olive oil
1/2 teaspoon salt
1/4 teaspoon ground black pepper
1/4 cup lemon juice
1/4 teaspoon dried thyme, or 1 teaspoon fresh thyme chopped
1 scallion, minced
1 small garlic clove, minced
1/2 teaspoon Dijon mustard
1/2 teaspoon sugar (optional)
3/4 cup olive oil
8 ounces goat cheese, crumbled

Remove the foil, and peel the skin off the beets. Cut into eighths and set aside.

In a small bowl, combine the lemon juice, thyme, scallion, garlic, mustard and sugar. While whisking constantly, slowly add the olive oil to the mixture. Season to taste.

Red-cooked Turkey

1 turkey breast, about 3 1/2 to 4 pounds (4 pounds of turkey turns into 8 to 10, 4 - to 5-ounce portion servings)

Marinade:

2 green onions, cut in half with white part split and slightly smashed
2 slices ginger root
2 whole cloves
2 whole star anise
1-1/2 tablespoons sugar
1 stick cinnamon
1 cup soy sauce
1-1/2 cups water
1-1/2 tablespoons rice wine or sherry

1. In a pot large enough to hold the turkey breast, first combine all the marinade ingredients. Add the turkey breast and marinate for several hours under refrigeration, turning occasionally so that the meat is evenly marinated. (If there is not enough marinade, double or triple the ingredients so that the breast is about half covered with the liquid.)

2. Remove the turkey breast and set aside. Bring the marinade to a boil, lower to a simmer for about five minutes. Place the turkey breast into the simmering liquid. When the liquid returns to a simmer, cover and turn the heat down to low so that the liquid is just bubbling slightly. Turn the breast occasionally for even cooking.

3. After 15 minutes, turn the heat off and let the turkey continue cooking in the hot liquid.

4. After 30 minutes, turn the heat on and allow the cooking liquid to return to a simmer. Turn the heat off again and let the turkey sit covered in the hot liquid.

5. After another 30 minutes, use an instant-read thermometer to take the internal temperature of the turkey at the thickest part of the breast (upper part of the breast between the first wing bone socket and the breast bone). It should read 165 degrees. (If the reading is below 165 degrees, then bring the liquid back up to a simmer and allow the turkey to continue cooking until it reaches the correct temperature.)

6. Take the turkey breast out of the liquid and cool for at least 30 minutes before slicing. Brush the slices with dark sesame oil for additional flavor.

7. If a pan-gravy is needed, take some of the cooked marinade and add an equal amount of chicken stock or water. Adjust seasoning to taste. Thicken with cornstarch.

Classic Roast Turkey

A delicious classic anytime!

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

1 whole turkey
Butter or margarine, melted

Select a turkey that is plump and meaty with smooth, moist skin. The skin should be creamy colored. The cut ends of the bones should be pink to red in color.

If the turkey is frozen, thaw it either slowly in the refrigerator or in cold water or quickly in the microwave, following the manufacturer's directions. A turkey weighing 8 to 12 pounds will thaw in about 2 days in the refrigerator. A turkey weighing 20 to 24 pounds will thaw in about 5 days in the refrigerator. You can safely thaw a whole turkey in cold water. Leave the turkey in its original wrap, free from tears or holes. Place in cold water, allowing 30 minutes per pound for thawing, and change the water often.

Remove the package of giblets (gizzard, heart and neck), if present, from the neck cavity of the turkey, and discard. Rinse the cavity, or inside of the turkey, with cool water; pat dry with paper towels. Rub the cavity of turkey lightly with salt if you like, but do not salt the cavity if you will be stuffing the turkey.

Stuff the turkey just before roasting --not ahead of time. Fill the wishbone area (the neck) with stuffing first. Fasten the neck skin to the back of the turkey with a skewer. Fold the wings across the back so the tips are touching. Fill the body cavity lightly with stuffing; do not pack the stuffing because it will expand during roasting. Tuck the drumsticks under the band of skin at the tail, or tie or skewer the drumsticks to the tail.

Place the turkey, breast side up, on a rack in a shallow roasting pan. Brush with melted butter or margarine. It is not necessary to add water or to cover the turkey. Place a meat thermometer in the thickest part of thigh muscle, so thermometer does not touch bone. Follow Thermometer for approximate roasting time. Place a tent of aluminum foil loosely over the turkey when it begins to turn golden. When two-thirds done, cut the band or remove the skewer holding the drumsticks; this will allow the interior part of the thighs to cook through.

Roast until the thermometer reads 180°F (for a whole turkey) and the juice is no longer pink when you cut into the center of the thigh. The drumstick should move easily when lifted or twisted. When the turkey is done, remove it from the oven. Let it stand for 15 minutes for easiest carving. Keep turkey covered with aluminum foil so it will stay warm.

Full-Flavored Roast Turkey

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

Start by soaking the turkey in brine. Use one to two gallons of water – enough to cover the turkey. The ratio of salt and sugar for the brine is 1 -cup salt, (some prefer kosher), and 2/3 cup sugar per gallon of water. Increase accordingly. It is all right if a little bit of the turkey is not submerged. Place the turkey, breast down, in the water and let part of the back sit above the water. Sugar is optional, by the way, but does help the bird brown beautifully.

1-1/2 cup kosher salt

1 cup sugar (optional)

One turkey (about 11 pounds), thawed if frozen, giblet bag, neck and tail cut off and reserved for gravy (recipe follows), excess fat around each cavity removed and discarded

Two medium onions, coarsely chopped

One carrot, coarsely chopped

One celery stalk, coarsely chopped

3 tablespoons melted butter

Mix salt, optional sugar and 1 -1/2 to 2 gallons of cold water in a clean bucket or pot large enough to hold the turkey. Add turkey; refrigerate 12 to 15 hours. Remove turkey from brine, rinse thoroughly under cool running water and pat dry.

Adjust oven rack to lowest position and preheat oven to 400-degrees. Place half of the chopped onion, carrot and celery in the turkey cavity. Tie the legs together and secure the wings. Scatter remaining onion, carrot and celery in a large roasting pan. Pour one cup of water over the vegetables. Set *V-rack in pan. Brush back and sides with melted butter. Roast for 45 minutes.

Remove pan from oven. Close oven door. Baste the back of the turkey with drippings from the caramelized roasted vegetables, adding a little water to the pan if drippings need loosening. With a wad of paper towels in each hand, turn the turkey on its side so one leg and wing are up. Brush exposed area of turkey with loosened pan drippings. Add 1/2 cup water to the pan. Return to oven and roast for 20 minutes.

Remove turkey from oven; close oven door. Use the wads of paper towels to turn the turkey so the other leg/wing faces up. Baste exposed areas with drippings. Add more water to the pan, if necessary, to keep vegetables from burning. Roast 20 minutes more.

For the third time, remove turkey from oven; close door. Turn turkey breast side up and baste with drippings; roast 35 to 55 minutes longer, until a meat thermometer inserted in the breast registers 160 -165-degrees and the leg/thigh registers about 170 -degrees.

Keep checking the pan, making sure the vegetables maintain a rich caramel color; add water if they start to burn.

Transfer turkey to a platter and let rest, uncovered, thirty minutes before carving. Meanwhile, pour excess fat from pan; discard fat and reserve drippings for gravy.

*The solution to keeping the turkey moist is in the rotating while it is roasting. This technique, used in the above recipe, requires a heavy-duty V -rack, which is available in kitchenware stores for about \$12.00. Also note, this technique works only for turkeys 14 -pounds or less.

Rich, Simple Turkey Gravy or Sauce

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

Do not add salt when making the broth. The pan drippings from the brined turkey will provide enough salt for the gravy. For a richer broth, add a cup -up chicken thigh or two along with the giblets. For thickened "au jus" style consistency, use the cornstarch. For thicker, traditional gravy, use the flour. IF you prefer not to use wine, simply add water in its place.

2 tablespoons olive oil

Giblets (liver discarded) neck and tail from one turkey, cut into 1 -inch pieces

One medium onion, coarsely chopped

Reserved turkey roasting pan with drippings

One cup of a dry, white -wine OR a dry vermouth OR water

3 tablespoons cornstarch or 6 tablespoons flour

Heat the oil in a Dutch oven over medium -high heat. Add giblets if using, neck tail, and onion; sauté until giblets lose their raw color and onion softens, about five minutes. Reduce heat to low, cover and cook until turkey parts release their liquid, about 20 minutes. Add one -quart water, bring to a boil, cover and simmer, partly covered, to make a flavorful broth. Strain, then return broth to pan. You should have about three cups. If you wish, you can refrigerate gravy over night. Skim the fat from broth.

Set reserved turkey roasting pan with its drippings over two burners on medium -high heat. Add the wine, vermouth, **or** water); cook, loosening pan drippings with a wooden spoon, until mixture boils. Strain drippings into the broth in the Dutch oven, pressing on vegetables to release their flavor. Bring broth mixture to simmer; mix cornstarch or flour with ½ -cup water and stir into simmering broth. Continue to simmer until lightly thickened. Serve with turkey. Recipe makes about four cups.

*An 11 to 14 pound turkey should serve 10 to 12 people, with some leftovers.

Maple Ginger Roasted Turkey

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

One fresh turkey (about 18 pounds), with giblets and neck
One orange, halved
Paprika to taste
Salt and pepper, to taste
Cornbread Chorizo Stuffing (see recipe)
6 tablespoons soft butter
3 cups of chicken broth
Maple Ginger Glaze (see recipe)

For the Gravy:

4 tablespoons butter
4 tablespoons flour
1 teaspoon dried thyme
1 tablespoon chopped parsley

Simmer the turkey giblets and neck in water until tender, about one hour. Mince the giblets. Remove the meat from the neck. Combine both and reserve for the gravy. Preheat oven to 325 -degrees.

Rinse the turkey and pat dry. Squeeze the orange inside the body cavity. Sprinkle with paprika, salt and pepper. Stuff the cavity loosely with Cornbread Chorizo Stuffing and tie the legs together. Rub the turkey with butter; sprinkle with paprika, salt and pepper all over.

Place the turkey, breast -side up, on a rack in a roasting pan. Add 2 -cups of the broth and cover turkey with foil. Roast for 1 -1/2 hours. Remove foil and roast turkey for 2 -1/2 to 3 hours longer, basting every 30 minutes. Raise the oven temperature to 350 -degrees; cook for an additional 45 minutes to 1 -hour. Brush the Maple Ginger Glaze on the turkey; cook about 30 minutes longer. A thermometer inserted into the thickest part of the thigh should read 180-degrees in the thickest part of the breast, 160 -degrees in the deepest part of the stuffing, 165 -degrees. Juices should run clear when the thigh is pricked with a knife.

Remove turkey to a platter; let rest 20 minutes, covered loosely with foil, before carving. Remove the stuffing and cover with foil to keep warm.

Prepare the gravy: Heat the pan juices in the roasting pan, scraping up all of the brown bits on the bottom. Pour the juices through a gravy separator to remove the fat. Pour the de -fatted juices into a measuring cup, along with any remaining glaze. Stir well; reserve.

Melt the butter in a saucepan over medium heat. Whisk in the flour and continue whisking for two to three minutes or until it browns slightly. Whisking constantly, slowly pour in 2 -cups of the reserved pan juices and continue whisking until smooth. Bring the gravy to a boil, reduce heat to medium -low and add the thyme, salt, pepper, parsley and reserved giblet mixture. Simmer for ten minutes, stirring until thickened. For thinner gravy, add the remaining cup of chicken broth.

Cornbread Chorizo Stuffing

Two loaves cornbread, home made or store -bought

4 tablespoons olive oil

1 tablespoon dried thyme

Salt and freshly ground black pepper, to taste

1-1/2 pounds chorizo or andouille sausages, halved lengthwise and cut into 1/2 -inch pieces

2 tablespoons unsalted butter

3 cups chopped red or yellow onions

Six ribs of celery, chopped

1 cup dried apricots, halved

1 cup dried cherries

1 cup coarsely chopped pecan halves

1/2 cup de-fatted chicken broth

Preheat oven to 350-degrees. Cut the cornbread into 1 -inch cubes. You should have about 12 cups. Place the cubes in a large bowl and toss with 2 -tablespoons olive oil and the thyme. Season with salt and pepper. Spread the cubes in one layer on two baking sheets; bake for 15 to 20 minutes or until lightly toasted, shaking the pans occasionally. Cool and return to the bowl. Meanwhile, cook the chorizo in two batches in a non-stick skillet over medium -high heat until brown. Using a slotted spoon, remove the chorizo and add to the bowl of cornbread, discarding any fat. Place remaining olive oil and butter in a heavy saucepan. Wilt the onions and celery over medium -low heat for 15 to 20 minutes, stirring occasionally. Then stir in the apricots and cherries; cook for five to ten minutes longer. Carefully fold into the cornbread along with the pecans, using a rubber spatula. Slowly drizzle in the broth until the stuffing is moist to your liking. Season with salt and pepper. Cool to room temperature before stuffing the turkey. Note: Cook the stuffing in the turkey cavity and neck. Any extra can be cooked in a loosely covered, oven -safe dish at 350 -degrees for 20 to 25 minutes. Recipe makes 16 cups of stuffing; enough for a 20 to 24 pound turkey.

2 tablespoons olive oil

1/2 cup fresh orange juice

1/4 cup molasses

2 tablespoons ketchup

Bring to a boil and cook for three to five minutes, stirring. Reduce heat to medium and simmer for ten minutes to thicken sauce, stirring occasionally. Strain and finely mince the onion, ginger and garlic; return to the sauce. Remove from heat and cool to room temperature. Refrigerate, covered, until needed.

1 bone-in whole turkey breast (4 1/2 to 5 pounds)
1 pineapple (3 pounds)
1/2-cup dry, white wine or apple juice
2 tablespoons honey
2 tablespoons soy sauce
1-teaspoon finely chopped ginger root or 1/2 teaspoon ground ginger

Turkey Tenderloins with Caramelized Onions

Fresh thyme and sweet onions add lots of flavor to a very simple sauté.

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

1 teaspoon vegetable oil
2 turkey breast tenderloins (1 1/2 pounds)
3/4 teaspoon salt
1/4 teaspoon pepper
1/3 cup dry, white wine or chicken broth
2 tablespoons butter or margarine
4 large onions, thinly sliced (4 cups)
1 tablespoon packed brown sugar
1/2 teaspoon chopped fresh thyme leaves or 1/4 teaspoon dried thyme leaves
1/4 teaspoon pepper

Heat oil in 12-inch skillet over medium-high heat. Sprinkle both sides of turkey with salt and 1/4 teaspoon pepper. Cook turkey in oil about 5 minutes, turning once, until brown on both sides.

Pour the wine into skillet; reduce heat. Cover and simmer 30 to 40 minutes or until juice of turkey is no longer pink, when you cut the center of thickest pieces cut. Remove turkey from skillet; keep warm.

Melt butter in skillet over medium-high heat. Cook onions in butter 5 minutes, stirring frequently; reduce heat to medium. Stir in brown sugar, thyme and 1/4 teaspoon pepper. Cook 15 to 20 minutes, stirring occasionally, until onions are golden brown.

Slice turkey. Serve turkey with onions.

Time Saver Tip:

Skip the wine and use 1 pound turkey breast slices instead of the tenderloins. Cook as directed in step 1 - except increase cooking time to 10 to 12 minutes, turning once, until turkey is no longer pink in center. Omit step two.

Set the Perfect Holiday Table

We all want our holiday parties to be perfect. Table décor and room arrangement are just as important as good food to the success of a gathering.

(ARA) - We all want our holiday parties to be perfect. We plan a wonderful menu and cook and clean for days in advance. But many people spend all their time and energy on the food, and neglect the other important aspects of a party. Table décor and room arrangement are just as important as good food to the success of a gathering.

Unfortunately, most hosts don't think about these things until the last minute, and often just throw something together. Here are some ideas for creating a functional and attractive environment for your party, with some help from the experts at FoodTV.com.

The best way to avoid stress is to put together a plan in advance. Think about where your guests will sit. Don't try to cram too many people around a small dining room table. If necessary, add another table and cover them both with one long cloth. The point of a party is to provide a fun opportunity to socialize and that won't happen if guests are squeezed uncomfortably together. If your chairs won't fit, try using a bench on one side of your table.

Another way to make more space is to place all the food on a buffet table. Set up one room as the buffet area, and once guests have been seated, move a few dishes to the table so people don't have to get up for seconds. You can also set up a separate dessert table in advance, so you don't have to worry about it after dinner.

Setting a festive holiday table begins with the right china. Holiday Ribbons by Waterford is a fine bone china with an elegant red ribbon and mistletoe design that will complement any decorating scheme. Add some edibles as table arrangements such as apples, cinnamon sticks, pears, gourds and even dried corn nuts. Another idea is to fill interesting jars or containers with flowers, cranberries or dried fruit. Throw in some candles arranged among little heaps of apples and nuts.

Keep centerpieces and decorations low so they don't interfere with conversation or with the food. Boughs of fresh pine or cedar are an easy and fragrant decoration that won't get in the way. To complete the holiday look use fabric remnants to make holiday table runners or simply wrap your table in holiday paper. Gold or silver paper makes a dramatic statement and will set off decorative china well.

Finally, make sure you have all the serving pieces and utensils you need and that they are washed and ready to go. A variety of accessories vital for entertaining are available in Waterford's Holiday Ribbons design such as a large turkey platter, an elegant cake plate and server, a chip and dip tray and even a decorative trivet.

So when you start thinking about your next party, don't just focus on the menu. Think about your decorations and arrange your rooms in advance, and you'll be able to enjoy your gathering as much as your guests.

Waterford Holiday Ribbons is available at most major department stores. For more information about Waterford fine china call (800) 955-1550 or go to www.waterford.com.

The Pleasure of Pumpkin

A close second to the sensory seduction of cinnamon was probably not what you would expect pumpkin pie! Pumpkin pie has a rich, spicy aroma, and evokes for anyone who inhales it, the velvety smooth texture of the slice that is soon to be eaten. No need to stop at pumpkin pie, though; there's a whole bevy of luscious pumpkin desserts to choose from!

Common questions regarding pumpkin:

Can I eat pumpkin raw?

Canned, pure pumpkin is thoroughly cooked during the canning process so it is perfectly safe and acceptable to enjoy straight from the can.

Once opened can I freeze pumpkin?

How do I store it once opened?

Once opened, how long does the pumpkin last?

Pumpkin may be stored in a sealed plastic container for one week in the refrigerator and up to three months in the freezer. When freezing, allow for head space at the top of the container as the pumpkin may expand when frozen. Pumpkin may have a separated appearance when thawed due to air bubbles. This will not affect the pumpkin quality or performance.

Can I use past sell by date?

For optimum quality, freshness and best performance, it is not recommended using product after the "best before" pumpkin product.

Is 100% pure pumpkin the same as solid pack pumpkin?

Yes, no changes were made to the actual pumpkin product.

Pumpkin and Orange Breakfast Cake with a Fresh Orange Syrup

Recipe Courtesy Of:

<http://www.fitnessandfreebies.com>

Ingredients:

1 cup unsalted butter, room temperature
1-1/2 cup granulated sugar (divided)
2 tablespoons finely grated orange zest
Three large eggs, two of them separated, all at room temperature
1 cup pumpkin puree, home made or pure canned solid pack pumpkin
1-1/2 cup flour
1/2 cup cake flour (not self rising)
2 teaspoons baking powder
1/4 teaspoon salt
Juice of one large orange

Directions:

Preheat oven to 350-degrees. Butter a 9 -inch fluted tube pan, set aside. Cream together the butter, 1 -cup of sugar and orange zest until light and fluffy. Add the whole egg and two egg yolks, one at a time, beating well and scraping down sides of bowl between each addition. Beat in pumpkin.

Sift together the flours, baking powder and salt. Add to pumpkin batter in three or four stages, blending gently but thoroughly after each addition. Stir in final addition of dry ingredients by hand if you have been using a mixer, so as not to over work the batter.

In a clean, small bowl, whip egg whites until they hold soft peaks. Fold into batter, then scrape batter into prepared pan and smooth the surface. Bake in center of preheated oven, 50 to 60 minutes, or until top of cake is springy when lightly touched. Also check to see if the sides begin to pull away from sides of pan and a wooden skewer inserted into center of cake comes out clean. Cool in pan ten minutes, then invert onto a wire rack and cool completely. This cake keeps well for several days. Wrap it well and refrigerate or you can freeze it up to two months.

For the syrup, combine orange juice, remaining 1/2 cup sugar in a small saucepan over low heat, and stir until sugar dissolves. Increase heat, bringing syrup to a boil. Boil without stirring two minutes, then use immediately or allow to cool and refrigerate for up to three days (reheat gently).

To serve, put one slice of cake on each plate. Spoon a few tablespoons of warm syrup over each piece, and accompany with a scoop of thick vanilla yogurt, fat-free or light whipped cream or fat-free ice cream for dessert.

1-1/4 teaspoons ground ginger 3/4 teaspoon ground allspice
Six egg yolks Six egg whites
1/3 cup white sugar 1/3 cup packed light brown sugar
2/3 cup solid pack pumpkin puree 1/8 teaspoon salt
1/4 cup confectioners' sugar for dusting 2 tablespoons dark rum
1 teaspoon non-flavored gelatin 1 cup heavy whipping cream
3 tablespoons confectioners' sugar 10 tablespoons crushed toffee candy
One (16 ounce) jar caramel ice cream sauce, warmed 1/2 cup crushed toffee candy

Directions

Preheat oven to 375-degrees (190 degrees C). Spray a 15x10 inch-baking sheet with vegetable oil spray. Sift flour, cinnamon, ginger and allspice into small bowl. Set aside.

In a large bowl, beat egg yolks, 1/3 cup white sugar and 1/3 cup brown sugar until very thick, about three minutes with an electric mixer. On low speed, beat in pumpkin, then flour mixture. Using clean, dry beaters, in a large bowl, beat egg whites and salt until stiff but not dry. Fold egg whites into batter in three additions.

Spread into prepared pan. Bake at 375-degrees (190 degrees C) for 15 minutes, or until a toothpick inserted into cake comes out clean.

Place smooth (not terry cloth) kitchen towel on work surface; dust generously with powdered sugar. Cut around pan edges to loosen cake. Turn cake out onto kitchen towel. Fold towel over 1 long side of cake. Starting at 1 long side, roll cake up in towel. Arrange cake seam side down and cool completely, about 1 hour.

To make the filling: Pour 2-tablespoons rum into small heavy saucepan and sprinkle gelatin over. Let stand until gelatin softens, about 10 minutes. Stir over low heat just until gelatin dissolves, then remove from heat. In a large bowl, beat chilled whipping cream and 3-tablespoons powdered sugar until stiff peaks form. Beat in gelatin mixture. Fold in 6-tablespoons English toffee pieces.

Unroll cake, sprinkle with 4 tablespoons English toffee pieces. Spread filling over. Starting at one long side and using kitchen towel as aid roll up cake to enclose filling. Place cake seam side down on platter. (Can be prepared one day ahead.) Cover with foil and refrigerate.

Trim ends of cake on slight diagonal. Dust cake with powdered sugar. Spoon some of the warm caramel sauce over top of cake. Sprinkle with 1/2-cup toffee. To serve, cut cake crosswise into 1-inch thick slices. Serve with remaining sauce. Recipe makes 12 servings.

Cherry Cake

1-1/2 cups milk
4 eggs
1/2 cup all-purpose flour
1/4 cup sugar
2 teaspoons vanilla extract
2 to 3 cups fresh black sweet cherries, pitted; or drained, canned, pitted Bing cherries; or frozen sweet cherries, thawed and drained
confectioners' (powdered) sugar

Preheat the oven to 350 degrees. To make the batter in a blender, combine the milk, eggs, flour, sugar and vanilla in the blender jar, and whirl them at high speed for a few seconds. Turn the machine off and scrape down the sides of the jar with a rubber spatula, then blend again for about 40 seconds. To make the batter by hand, stir the flour and eggs together in a large mixing bowl, and slowly stir in the milk, sugar, and vanilla extract. Beat with a whisk or a rotary or electric beater until the flour lumps disappear and the batter is smooth.

Pat the cherries completely dry with paper towels, then spread them evenly in a shallow, buttered baking dish or pan that holds 5 to 6 cups and is about 2" deep. Pour in the batter. Bake on the middle shelf of the oven for 1-1/2 hours, or until the top is golden brown and firm to the touch. Dust lightly with confectioners' sugar, and serve while it is still warm.

2 teaspoons of sugar
1/2 cup of butter
1 cup of chopped onion
1-8 ounce package of herb -seasoned stuffing mix

1 cup of chopped onion
1/2 cup of butter or margarine
1-16 ounce can of whole -berry cranberry sauce
2 tablespoons of chicken -flavor bouillon or 6 bouillon cubes
12 cups of dry bread cubes (about 16 slices of bread)
1 cup of chopped pecans
2 teaspoons of poultry seasoning
1 teaspoon of rubbed sage
3 cups of hot water
1-12 to 14-pound turkey, thawed if frozen

Apple Pie

Crust:

- 1/3 cup rolled oats
- 6 graham crackers
- 2 tablespoons chopped walnuts
- 1 egg white
- Buttered flavored vegetable cooking spray

Filling:

- 2 cups apple cider
- 1/2 cup sugar
- 2 tablespoons fresh lemon juice
- 2 teaspoons vanilla extract
- 1 1/4 teaspoon pumpkin pie spice
- 5–6 large Granny Smith apples, about 2 1/2 pounds
- 3 tablespoons cornstarch

Topping:

- 1/3 cup brown sugar
- 1/3 cup rolled oats
- 2 tablespoons chopped walnuts
- 1/2 teaspoon ground cinnamon
- 2 tablespoons butter, melted

Set oven temperature to 350 degrees.

In a food processor, process the oats, graham crackers and walnuts until finely ground. Add the egg white and process until blended.

The mixture should look crumbly not gooey.

Coat a 9–inch pie pan with cooking spray. Press the crumb mixture evenly into the pie pan to make the crust. Lightly coat with cooking spray. Bake at 350 degrees for 10 minutes. Remove from oven and set aside until ready to use.

Bring the cider to a boil in a large heavy saucepan over high heat. Cook until reduced to 1/2 cup, about 15 minutes. Pour the mixture into a large mixing bowl. Add the sugar, lemon juice, vanilla, and pumpkin pie spice to the bowl. Peel the apples, cut into quarters, remove the core and cut into thin slices. Stir the apples into the cider mixture. Sprinkle the cornstarch over the apples and stir to combine. Arrange the apples in the crust.

In a small bowl, mix the brown sugar, oats, walnuts and cinnamon together. Pour the melted butter into the bowl stirring to combine.

Sprinkle the topping over the apples, pat down with your hands and bake at 350F for 1 hour to 1 hour and 15 minutes. The center should be soft when pierced with a sharp knife.

Baked Potato with Spicy Chicken Topping

- 4 baking potatoes
- 2 tablespoons olive oil
- 1/2 cup slivered almonds
- 1 cup chopped onions
- 1/4 teaspoon garlic powder
- 1 lb. boned chicken breast, cut in strips
- 2 tablespoons flour
- 1 1/4 cup chicken broth
- 3 tablespoons lemon juice
- 1 teaspoon cinnamon
- 1 teaspoon paprika
- 1/2 teaspoon salt
- 1/2 teaspoon Tabasco
- 1/2 cup raisins

Scrub potatoes, dry and prick with fork. Cook. In a large skillet, heat oil and saute almonds until golden brown. Add onion and garlic. Saute until tender. Add chicken and cook, stirring, until chicken turns white. Sprinkle with flour and mix well. Combine broth, lemon juice, cinnamon, paprika, salt, and Tabasco. Gradually add to chicken mixture, stirring constantly, until mixture boils and thickens. Stir in raisins. Simmer 3 minutes. Spoon over blossomed potatoes.

Beef Tenderloin with Cabernet Cherry Sauce

- 4 small filet mignon steaks (about 1/4 pound each)
- 1/2 teaspoon salt
- 2 garlic cloves, pressed
- 1/2 teaspoon cracked pepper or freshly ground pepper

Cabernet Cherry Sauce:

- 1 1/2 cups Cabernet Sauvignon or Burgundy
- 3 tablespoons balsamic vinegar
- 4 whole cloves
- 8 whole pepper corns
- 1 bay leaf, torn into small pieces
- 1/2 pound fresh Bing cherries, rinsed
- Salt and pepper for seasoning
- Optional: 1–2 teaspoon sugar

Set oven controls to broil. Line a broiling pan with aluminum foil and place in the oven on the top rack to preheat. Trim the steaks of visible fat. Rub the garlic evenly over the steaks and season with salt and cracked pepper. Set aside until ready to broil.

Add the Cabernet and balsamic vinegar to a saucepan and bring to a boil. Tie the cloves, peppercorns, and bay leaf in a bundle with a small piece of cheese cloth. Add the bundle to the wine mixture. Allow the mixture to reduce to 1/2 cup, about 15 minutes.

While the wine is reducing, pit the cherries. Cut the cherries into quarters and add to the wine mixture. Cover and cook over medium–high heat until the cherries are tender, about 10 minutes. Season the sauce with salt and pepper. Add the sugar to balance the flavors, if needed. The sauce should have a deep robust flavor but not be too sweet.

While the sauce is cooking, broil the steaks for 3–4 minutes per side for medium rare. To serve, remove the spice bundle from the sauce. Place the steaks on individual plates with the sauce spooned over the top.

Black Bean Lasagna

- 1 – 28 ounce jar tomato pasta sauce
- 1/2 cup water
- 2 cans (15 ounce) black beans, rinsed and drained
- 1 3/4 cups lowfat ricotta cheese

- 12 uncooked lasagna noodles
- 2 1/2 cups shredded skim mozzarella cheese

Preheat oven to 375F. Over low heat, simmer tomato sauce, water, and black beans. Meanwhile, in a small bowl, combine ricotta cheese and egg. Set aside. Using a 9 X 13 inch baking dish, place 1 cup of the bean/sauce mixture on the bottom of the dish. Place 3 pieces of uncooked lasagna noodles on top of the sauce. Next, spread about 2/3 cup of the ricotta mixture over the noodles. Top with 1 cup of the bean/sauce mixture, lastly about 1/2 cup of the mozzarella.

Repeat two layers of noodles, ricotta, bean/sauce, and mozzarella. Then place on the remaining 3 lasagna noodles and pour the remaining bean/sauce mixture over all. Top with remaining mozzarella. Cover with foil and bake at 375F for 30 minutes. Remove foil and continue to bake another 15 minutes. Remove from oven and let stand for 15 minutes before cutting.

Buffalo Chicken Strips

Blue Cheese Dip:

- 2/3 cup nonfat plain yogurt
- 2 tablespoons reduced-fat mayonnaise
- 2 ounces crumbled blue cheese

- 1/4 teaspoon salt
- 2 teaspoons butter
- 1 tablespoon Frank's original hot sauce
- 5 celery stalks, cut into 3-inch sticks

In a small bowl, whisk together the yogurt, mayonnaise and blue cheese. Stir in the scallions and pepper and set aside while preparing the chicken. Cover and refrigerate.

Heat the oil in a large, preferably nonstick skillet. Season the chicken with the salt. Cook the chicken over medium-high heat, stirring frequently, until lightly browned and cooked through, 3 to 4 minutes. Remove the skillet from the heat. Add the butter and hot sauce to the pan and swirl until the butter barely melts and the sauce coats the chicken.

Serve the chicken and celery sticks along with the blue cheese dip. Provide toothpicks for spearing the chicken and dipping it in the sauce.

Bulgar Wheat and Fruit Stuffing

- 1/2 to 3/4 cups fat-free and low sodium chicken broth
- Salt and pepper for seasoning

Bring 2 quarts of salted water to a boil. Add the bulgar wheat, bring back to a boil. Lower heat just enough so that the pot doesn't spill over and cook for 15 minutes.

While the bulgar is cooking, pour the apple juice into a micro-safe measuring cup. Chop the apples and apricots. Add the apples, apricots and raisins to the apple juice stirring to combine. Microwave at full power for 1 minute and set aside.

Drain the bulgar wheat and return to the pot. Stir in the bread stuffing, apples, apricots, raisins and pine nuts. Stir in just enough chicken broth to moisten the bread. Season to taste with salt and pepper. Heat in the microwave for 3–4 minutes. The stuffing can be made 2 days ahead and stored in the refrigerator.

1/4 cup finely diced red onion
1/4 – 1/3 cup low-fat mayonnaise
Salt and pepper for seasoning

Mix all ingredients together. Season to taste with salt and pepper. Use as a sandwich filling or serve on top of a bed of greens.

Cocoa Angel Food Cake

- 1 1/2 cups egg whites (about 12 egg whites)
- 3/4 cup sifted whole-wheat pastry flour or sifted unbleached flour

Dijon Mushroom Potatoes

- 1 medium onion
- 1 sweet green bell pepper
- 1 small carrot
- 1/2 lb. mushrooms
- 1/2 cup stock or boullion
- 1 tbsp. dark soy sauce
- 1 tbsp. Dijon mustard
- 1 tbsp. cornstarch

Mix the remaining ingredients together in a bowl, adding a bit of water if you wish (makes a thinner sauce) and add to the vegetables in the pan. Mix well and cook, stirring, over low heat for about a minute until thickened.

Pour over hot, split baked potatoes (enough for about four potatoes) with a crisp green salad on the side.

Place on a working surface and pat dry with paper towels. Remove any visible fat with poultry shears. Very carefully loosen the skin from around the breast, thigh, leg and neck areas with a spoon without tearing the skin. Season the inside cavity with about 1/3 of the spice mixture. Rub the remaining mixture under the skin as evenly as possible. Lightly oil the outside with canola oil. Tuck the wings under the bird and tie the legs together loosely. Place in the roasting pan and roast for 15 minutes per pound or until the internal temperature registers 180F degrees. Use an instant read thermometer placed between the thigh and the body without touching bone. Remove the bird from the oven, transfer to a carving board, cover with aluminum foil and let rest for 20 minutes before carving.

Memphis–Style Barbecued Ribs

3 Pound Racks baby back ribs
2 Teaspoon Salt
2 Teaspoon Coarse ground black pepper
Apple Juice for Basting
1 Cup Red wine vinegar
2 Cup Onion, chopped
2 Garlic, cloves, minced
1/4 Cup Mustard, yellow prepared
1/2 Cup Brown sugar, packed
2 Cup Ketchup
2 Lemons, thinly sliced
1 Teaspoon Louisiana hot sauce

Trim as much fat as possible from ribs. On bone side, work knife tip beneath membrane that covers bone until finger tips can be worked beneath rack membrane, loosening enough to get firm grip. Then peel membrane off rack. With paring knife, scrape any fat away from bone.

Sprinkle ribs on both sides with even, light coating of salt and pepper. Place ribs, bone–side–down on grill. Grill over low fire 1 1/2 hours, turning every 15 to 20 minutes, replenishing fire as necessary. Baste with apple juice at every turn during first half of cooking period either by brushing on, or simply spraying apple juice from spray bottle. If smoking with indirect heat, turn at 1 hour intervals, cooking 4 to 6 hours.

Combine vinegar, onion, garlic, mustard, sugar and hot sauce in blender. Blend until smooth. Place in saucepan and add ketchup. Simmer 20 minutes. Add lemon slices. Stir occasionally to keep from sticking. Use sauce as frequent baste for last half of cooking period, whether grilling or smoking, being careful not to burn ribs. Serve remaining sauce on side.

Baby Back Ribs With Mustard Sauce

1/3 cup Brown sugar
1/4 cup Onion, finely chopped
1/4 cup Vinegar
1/4 cup Mustard
1/2 teaspoon Celery seed
1/4 teaspoon Garlic powder

For sauce, in a saucepan combine brown sugar, onion, vinegar, mustard, celery seed and garlic powder. Bring to boiling, stirring till sugar dissolves. Preheat grill. Adjust heat for indirect cooking. Place ribs on grill rack over medium heat. Cover and grill for 1 1/4 to 1 1/2 hours or till ribs are tender and no pink remains. Brush occasionally with sauce the last 15 minutes of grilling.

Grilled Leek And Sweet Pepper

2 medium leeks, green tops trimmed, split up to the root ends, cleaned
1 Tablespoon olive oil
1 large red bell pepper
1 large yellow bell pepper
4 Tablespoon unsalted butter
1 large clove, garlic, minced fine
1/3 cup dry vermouth
salt and freshly ground pepper to taste
12 oz. fresh fettuccine
1 Tablespoon fresh thyme leaves
1 cup Apple Wood chips

Prepare a medium-hot fire in the grill. Coat the leeks with olive oil.

When the coals are covered in gray ash add the presoaked chips to the fire. When the chips start to smoke place the leeks and peppers on the cooking grid directly over the fire.

Grill, turning as needed, until leeks are tender and golden brown, about 10–12 minutes, and skin of peppers is charred, about 15 minutes. Remove the leeks from grill and let cool. Remove the peppers from the grill and place in a paper or plastic bag and seal; set aside and allow to steam.

When cool, trim root ends from leeks, then cut into thin strips. Peel and seed bell peppers and cut into thin strips.

Meanwhile, heat a large pot of water to boiling.

Heat butter in a large skillet over medium heat. Add garlic and cook, stirring frequently, until pale golden. Add vermouth, and reduce to syrupy consistency. Stir in leeks and peppers and season with salt and pepper.

Salt boiling water, add pasta, and cook until tender but still firm to the bite. Drain thoroughly, add to skillet and toss well. Sprinkle with thyme and serve hot.

Mediterranean Grilled Vegetables

1 pound Large onion
1 pound Red bell pepper
1 pound Green bell pepper
1 pound Yellow squash
1 pound Zucchini squash
1 cup Olive oil
1/3 cup Italian seasoning

Peel onions and cut top-to-bottom in large wedges. Cut tops from bell peppers, remove core, and cut in large top-to-bottom pieces. Trim ends from squash and cut in diagonal rounds, about 1/2" thick. Toss all vegetables in a large bowl with olive oil and seasoning, breaking up the onion wedges somewhat. Place in a single layer on a very hot grill (watch out for the flare-ups!) and grill, turning occasionally, until peppers are slightly charred and veggies are tender (about 5 minutes). Serve immediately. These are also good refrigerated, then microwaved to reheat.

Shrimp On The Barbie

12 Giant Prawns, shelled and heads and tails intact

1/4 cup Butter

1 cup Orange juice (freshly, squeezed)

2 tablespoons Sherry

1 teaspoon Orange Zest (grated)

2 each Green onions, tops and white

1 teaspoon Ginger root, (freshly grated)

Soak a dozen long wooden skewers in water for 30 minutes. Then push skewers through prawns, lengthwise, from head to tail with only 1 to a skewer. Combine all ingredients in saucepan and cook over medium to low heat, stirring, until butter is completely melted. Dip skewered prawns in the orange sauce and position on oiled grill rack about 4 inches above the coals. Baste liberally with sauce and grill for 2 minutes. Turn the prawn over and baste again, cooking for another 2 minutes. Smaller prawn will be done at this point, but continue basting and turning larger prawn until they are pink and cooked through. Remove from heat immediately when done, as they will get tough if overcooked. Use any remaining sauce for a dip for the prawns.

Grilled Halibut With Oriental Sauce

1/4 cup orange juice
2 Tablespoons soy sauce
2 Tablespoons ketchup
2 Tablespoons vegetable oil
2 Tablespoons fresh parsley or 1 Tbsp dried parsley, chopped
1 Tablespoon fresh lemon juice
1/2 Teaspoon oregano
1/2 Teaspoon pepper
1 clove garlic, minced
4 6-oz. halibut steaks, cleaned
1 cup Apple Wood chips

Combine orange juice, soy sauce, ketchup, oil, parsley, lemon juice, oregano, pepper and garlic in a small bowl. Brush the mixture evenly on the steaks, refrigerate.

Brush the grill lightly with oil. Light the coals or gas grill. Soak the apple wood chips in water for about 45 minutes. When the coals turn white add the wood chips. When the chips start to smoke place the steaks on the grill rack and cook turning once, about 5 to 6 minutes per side, or until the steaks flake when tested with a fork.

Barbecued Chuck Roast

4 pounds Round (7-bone chuck roast), Cut 2" thick
2 teaspoons Meat tenderizer
3 each Green onions, chopped
1 each Garlic clove
1/4 each Green Pepper (diced)

1/2 teaspoon Oregano
1/2 teaspoon Rosemary
1 dash Cayenne
1 tablespoon Worcestershire sauce
3/4 cup Burgundy wine
3 tablespoons Peanut oil

Place in shallow dish and top with green onions, garlic, green pepper, celery, oregano, rosemary and cayenne.

Combine worcestershire, burgundy and oil and pour over meat. Refrigerate overnight, turning meat several times, each time spooning the chopped ingredients over top again.

Sear both sides over glowing coals. Raise grill and continue cooking, having meat about six inches from heat, until done as desired. Allow from 50 to 60 minues for total cooking time. Brush frequently during cooking with any remaining marinade.

Bourbon Steak

1–1/2 pounds steak
1 teaspoon. sugar
1/4 cup bourbon
2 tablespoons soy sauce
2 tablespoons water
1 garlic clove, crushed
1 cup Apple Wood Chips

Mix all ingredients (except chips) together, place in ziplock bag and marinate steak 4 hours or over night. Soak wood chips in water for 30 minutes, and add to hot coals just before commencing to grill. Grill steak to desired doneness. This recipe is good with any cut of steak you like.

DropBooks

Marinated Steak Kabobs

1 cup Onion, chopped
1/2 cup Vegetable oil
1/2 cup Lemon juice
1/4 cup Soy sauce
1 tablespoon Worcestershire sauce
1 teaspoon Mustard, prepared
1 pound Sirloin steak, cut in 2" cubes
1 large Green pepper, cut in 1" pieces
2 medium Onions, quartered
2 medium Tomatoes, quartered
1 cup Apple Wood Chips

Saute onion in oil; remove from heat. Stir in lemon juice, soy sauce, Worcestershire sauce, and mustard; pour over meat and vegetables. Cover and marinate overnight in refrigerator. Remove meat and vegetables from marinade, reserving marinade. Alternate meat and vegetables on skewers.

Soak Apple Wood Chips in water for 30 minutes. Prepare fire in grill. When the grill is up to temperature, add wood chips; let them start smoking. Grill kabobs 5 minutes on each side over coals or until desired degree of doneness, brushing frequently with marinade.

Turn Your Grill Into A Smoker!

Be sure to soak wood chips in water for 30 – 60 minutes before putting on the grill.

When using gas grills it's best to put presoaked wood chips in a smoker box or wrap them in a piece of aluminum foil with a lot of holes in it. This keeps your grill from filling up with ash and clogging the jets. If you are using a charcoal grill or smoker then you can just put the wood directly on the coals (once they've heated up).

If you haven't used wood before, start small. Use a 1/4 cup of presoaked chips on your grill and see what it does for you. One of the great things about barbecue is the wide variety of experimentation available to the backyard cook. Wood is a great tool so don't be afraid to use it.

You can make a homemade smoker box by using a tin can. Poke some holes in the can, then open the lid not quite all the way and fill with wood chips that have been soaked in water for an hour. Position the can on the coals before grilling. Wait a little bit until the wood starts smoking, and commence with grilling.

Baked Mahi–Mahi with Dill Sauce

1/4 cup sour cream
1/4 cup plain yogurt
1 tablespoon mayonnaise or salad dressing
1 tablespoon minced fresh dill or 1 teaspoon dried dill
1/2 teaspoon Dijon mustard
1/8 teaspoon bottled hot pepper sauce
Salt & pepper to taste
2 Mahi–Mahi Steaks
1 tablespoon vegetable oil
1 tablespoon lemon juice
Salt
White pepper

Combine our sour cream, yogurt, mayonnaise, mustard, and hot sauce. Stir in dill; add salt and pepper to taste. Blend well. Allow to stand at least 1/2 hour to blend flavors. Serve at room temperature. May be refrigerated up to 24 hours.

Pat fish dry with paper towels. Combine oil and lemon juice; brush on both sides of fish. Season lightly with salt and white pepper. Place an inch apart in a lightly oiled baking dish. Bake at 450F for approximately 15 minutes. When fish tests are done, transfer to warm plates. Spoon Dill Sauce over fish.

Baked Possum

- 1 large possum, skinned, dressed, and washed
- 1 quart beer
- 4 tablespoons Tabasco sauce
- 1 1/2 tablespoons salt
- 2 onions, chopped
- 1 clove garlic, minced
- 2 tablespoons Worcestershire sauce
- 4 sweet potatoes
- 2 ribs celery, chopped
- 1 oz. whiskey

Mix the beer, whiskey, salt, Tabasco sauce, and Worcestershire sauce together. Place possum in a large roasting pan. Sprinkle the celery, onions, and the garlic all over the possum. Pour the liquid mixture over the possum as well. Cover and refrigerate overnight.

Preheat oven to 350F. Place the sweet potatoes around the possum. Bake covered for 1 1/2 hours. Baste once or twice with the marinade from the pan as the possum cooks.

DropBooks

Baked Walleye with Carrots

1 1/2 pounds walleye fillets, skin removed
2 cups grated carrots
3 tablespoons margarine or butter, melted
2 tablespoons lemon juice
1/4 teaspoon ground thyme
Salt to taste
3 tablespoons margarine or butter
3 1/2 tablespoons flour
Salt and pepper to taste
1/3 cup milk

Heat oven to 450F. Spray a 13 x 9-inch baking dish with nonstick vegetable cooking spray. Arrange fillets, slightly overlapping, in prepared dish. Set aside. In medium bowl, combine carrots, melted margarine, juice, thyme and salt. Spread mixture evenly over fillets. Cover with foil. Bake for 25 to 30 minutes, or until fish is firm and opaque and just begins to flake. Drain liquid from fish into a 2-cup measure. Cover fish with foil to keep warm. Set aside. Add water to liquid in cup to equal 1 1/3 cups.

In a 1-quart saucepan, melt 3 tablespoons margarine over medium heat. Stir in flour, salt and pepper. Blend in cooking liquid mixture and milk. Cook for 5 to 7 minutes or until mixture thickens and bubbles, stirring constantly. Pour sauce evenly over fish and serve over hot rice or linguine.

Bass with Avocado Sauce

- 1 small ripe avocado coarsely chopped
- 1/4 cup skim milk
- 1 tablespoon lime juice
- 1 garlic clove minced
- 1 dash hot sauce
- 2 tablespoons lemon juice
- 1 tablespoon soy sauce
- 1 teaspoon lemon rind grated
- 1 teaspoon Dijon mustard
- 16 ounces bass fillets
- 1/3 cup dry bread crumbs fine
- vegetable cooking spray

Combine the first 5 ingredients in a blender; cover and process until smooth. Set mixture aside. Combine lemon juice and next 3 ingredients in a shallow dish; dip fillets in lemon juice mixture, and dredge in bread crumbs. Place on a baking sheet coated with cooking spray. Bake at 450 degrees F for 7 minutes; turn fillets over, and bake an additional 7 minutes or until fish flakes easily when tested with a fork. Transfer fillets to a serving platter, and top with avocado sauce.

Blackened Salmon

6 Salmon Fillets, 1/2 – 3/4 inch thick, skinned
2 1/2 cups unsalted butter or margarine
1/2 cup fresh lemon juice
1 1/2 teaspoons cayenne pepper
1 teaspoon salt
2 teaspoons fresh ground black pepper
1 Tablespoon dried thyme (do not use fresh – it will burn)
Lemon wedges and Parsley for garnish

Trim off the thin edges of fillets as these would burn. Pat dry and refrigerate until ready to cook. The butter sauce adheres better to cold fillets.

In heavy 3–quart cast–iron frying pan over medium heat, melt butter, add lemon juice, cayenne, salt, black pepper and thyme. Stir to blend; cool to lukewarm.

Place an empty 10–inch cast–iron skillet over high heat until bottom has a definite white haze and begins to smoke slightly. Remove fish from refrigerator; dip 1 fillet in warm butter sauce, coating well. Place fish in hot skillet, taking care that spits and spatters do not burn you. Fish will sear and cook almost immediately. Turn fillet over; blacken other side. Repeat with remaining fillets.

Reserve remaining butter sauce. As fillets are cooked, place them on individual plates; keep warm. Discard accumulated butter sauce in skillet and charred bits between batches. When all fillets have been cooked, wipe skillet clean and place empty skillet back on heat. Add reserved butter sauce; carefully swirl skillet 5 or 6 times to blacken butter. Remove pan from heat; drizzle butter over each fillet. Garnish and serve hot.

Bombay Monkfish

1 pound monkfish, skinned
Milk to cover
1/4 pound shrimp, shelled
2 eggs
3 tablespoons tomato paste
1/2 teaspoon curry powder
2 teaspoons lemon juice
1/4 teaspoon fresh rosemary, chopped
1 pinch of saffron or tumeric
3/4 cup light cream
Salt and pepper to taste

Preheat oven to 350F. Put the monkfish in a pan just large enough to hold it. Pour the milk over and place the pan over moderate heat. Bring to a simmer, cover, and cook for 8 minutes. Turn the fish and cook 7 minutes longer, or until the fish is cooked through. When the monkfish is nearly done, add the shrimp and cook 2–3 minutes, or until they turn pink. Drain fish and shrimp, discarding milk.

Cut the monkfish into bite-size pieces. Beat the eggs with the tomato paste, curry powder, lemon juice, rosemary, saffron and 1/2 cup cream. Mix in the fish and shrimp and season to taste with salt and pepper. Turn into 4 individual ramekin dishes and pour an equal amount of the remaining cream over the top of each dish. Cajun Crappie

4 Crappie fillets about 10" long
2 tablespoons butter
1 pinch cayenne pepper
3 teaspoons paprika
3 ounces cognac
1 cup heavy cream
4 tablespoons brown sugar
4 cloves crushed garlic
1 teaspoon corn starch
Ground or fresh thyme
Ground or fresh basil
Ground or fresh parsley

Combine the thyme, basil, parsley, cayenne pepper, garlic and paprika and sprinkle over fish in a shallow bowl. Melt 1 tbs. butter in a skillet and add fish, cooking until soft but not hard. Cook for 2 minutes per side. The idea is to not dry out the fish. After the fish have been cooked on both sides, remove fish and add brown sugar to pan. Then add remaining butter and return the fish to the pan once the sugar is melted. This will glaze the fish and finish cooking them. Remove fish to serving plate and deglaze skillet with cognac immediately, adding heavy cream once cognac is boiling. Reduce by 25 percent. Combine a small portion of liquid with corn starch and add to sauce. Allow sauce to boil for about one minute. Pour sauce on top of fish and garnish with fresh parsley.

Carp with Red Sauce

1 pound carp fillets, skinned and cut 3/8-inch thick
(cutting shortens "floating bones" so cooking can break them down)

Vegetable oil, heated in a deep fryer

Batter:

1 cup cold water

1 egg

1/4 c oil

1/4 cup flour

4 teaspoons cornstarch

1 teaspoon baking powder

1 t salt

1/2 teaspoon MSG (optional)

Mix water, egg and oil before adding other ingredients. Dip strips in batter, drop them into a deep fryer. Cook until done, drain on paper toweling. Much like hors d'oeuvres. Dip into the following sauce.

Red Sauce:

1 cup catsup

1 cup chili sauce

dash of Tabasco

dash of Worcestershire

squeeze of lemon

3 Tablespoons pure ground horseradish

salt and pepper to taste

Catfish with Parsley–Pecan Sauce

- 2 cups all–purpose flour
- 1 tablespoon cayenne pepper
- 1 tablespoon, plus 1 teaspoon salt
- 6 catfish fillets, about 6 ounces each
- 2 tablespoons vegetable oil
- 2 tablespoons unsalted butter
- 2 cups parsley–pecan sauce

Sauce:

- 2 cups tightly packed fresh parsley, leaves only
- 1/2 cup olive oil
- 1/2 cup broken pecan meats
- 1 large clove garlic, chopped
- 1/2 cup freshly grated parmesan cheese
- 1/2 cup freshly grated romano cheese
- 2 tablespoons unsalted butter, cut into pieces

Mix flour, cayenne pepper and salt. Spread on large platter and dredge each fillet, shaking off excess. Set aside on sheet of waxed paper. Heat half the oil and butter in a skillet large enough to accommodate 3 fillets. When butter is foaming but not brown, add fillets and saute on one side for about 4 minutes, until light golden. Turn fillets and spread the browned side with sauce; continue to saute until underside is browned, about another 4 minutes. Cover skillet for a few minutes to melt sauce. Remove fish to platter. Add remaining oil and butter and cook remaining fillets.

Sauce:

Place parsley in food processor and process until coarsely chopped, turning machine off and on and scraping down sides. Add all other ingredients except salt, and process until mixture makes a smooth paste. Store, tightly covered in refrigerator. Makes about 2 cups.

Chinese Venison

2 lbs. venison steaks
1/4 cup soy sauce
1 cup beef bouillon
1/4 teaspoon ginger
2 cloves mashed garlic
1/4 cup sherry
4 tablespoons peanut oil
2 cloves chopped garlic
1 1/2 cups boiling water
3 large green peppers, cut into 1/2 inch strips
1 cup sliced water chestnuts
3 tablespoons cornstarch
sesame oil
hot boiled rice

Cut meat against the grain into 1/2 inch strips (this is easier to do if meat is partially frozen). Make a marinade for the meat by combining soy sauce, bouillon, ginger, mashed garlic and sherry. Marinate steak for 2–12 hours in the refrigerator. Dry meat on paper towels. In a wok, heat peanut oil and saute chopped garlic until it turns golden brown. Remove, leaving at least 2 tablespoon oil in wok. Add meat to oil and saute until brown (add just a dash of sesame oil to meat while it's browning). Add reserved marinade and 1 cup boiling water. Simmer 45 minutes or less time, if desired. When meat is tender, remove and keep in warm oven. Pour marinade in separate pan and add cornstarch. Add remaining 1/2 cup boiling water, if needed. Simmer until thick. Stir-fry green pepper and water chestnuts in liquid remaining in wok. Add meat and marinade gravy. Add a dash of sesame oil to taste. Serve over boiled rice.

Fried Rocky Mountain Oysters

2 pounds bull or sheep testicles
1 cup flour
1/4 cup cornmeal
1 cup red wine
salt
black pepper
garlic powder
Louisiana Hot Sauce
pure hog lard or vegetable oil

With a very sharp knife, split the tough skin-like muscle that surrounds each "oyster." Remove the skin. Set "oysters" into a pan with enough salt water to cover them for one hour (this takes out some of the blood). Drain. Transfer "oysters" to large pot. Add enough water to float "oysters" and a generous tablespoon of vinegar. Parboil, drain and rinse. Let cool and slice each "oyster" into 1/4 inch thick ovals. Sprinkle salt and pepper on both sides of sliced "oyster" to taste.

Mix flour, cornmeal and some garlic powder to taste in a bowl. Roll each "oyster" slice into this dry mixture. Dip into milk. Dip into dry mixture. Dip into wine quickly (you may repeat the procedure if a thicker crust is desired). Place each "oyster" into hot lard or oil. Add Louisiana Hot Sauce to lard or oil (go wild with it, but watch out for hot splashes). Cook until golden brown or tender, and remove with a wire mesh strainer (the longer they cook, the tougher they get).

Roast Goose with Wild Rice

1 (12 pound) fresh goose
salt to taste
4 cups wild rice, cooked
2/3 cup chopped toasted hazelnuts
2 Granny Smith apples – peeled, cored and chopped
1/2 cup chopped onion
2 teaspoons ground savory
3 tablespoons chopped fresh parsley
freshly ground black pepper
1 1/2 tablespoons all-purpose flour
4 cups water

Mix together the cooked rice, nuts, apples, onion, and herbs. Season to taste with salt and pepper. Remove the neck, heart, and gizzard from the goose. Wash the bird inside and out. Pat dry. Fill the cavity of the goose with the stuffing, skewer closed, and lace string around the skewers. Truss the bird.

Roast in a preheated 325F oven, breast side down, for 1 1/2 hours. Draw off the fat as it accumulates. Turn, and roast another 1 1/2 hours. When done, the juices should run clear when the bird is pricked where the thigh attaches to the body. Remove trussing strings and skewers before carving.

While the goose is roasting, place the neck, heart, and gizzard in a saucepan with water. Let simmer gently, partially covered, for several hours, until reduced to slightly less than 2 cups. Season the broth to taste with salt.

Pour off all but 1 tablespoon of the fat from the roasting pan. Sprinkle a little flour over the bottom, 1 to 2 tablespoons, depending on how thick you like your gravy. Set the pan over low heat. Stir for 2 minutes, scraping up all the browned bits. Add the reserved goose broth to the pan, and whisk until smooth. Taste and season with salt and pepper. Serve in a gravy boat alongside the bird.

Italian Roast Pheasant

2 fresh pheasants
5 slices pancetta or bacon
1 tablespoon fresh rosemary, chopped
1 tablespoon fresh thyme, chopped
2 to 3 cloves garlic, chopped
Salt and black pepper

3 tablespoons butter
3 tablespoons brandy

Wash and dry the pheasants, removing any lumps of fat from the cavity. Make the dressing by chopping the bacon, herbs and garlic. Mix well. Spoon the dressing into the cavity and truss the birds. Season with salt and pepper.

Place the birds on their sides on a rack and bake at 350 degrees, turning every 15 minutes. The breast should remain down to keep it from drying out. After 30 minutes add the wine and continue roasting and turning the birds for another 10 to 15 minutes. Increase the heat to 450 and brown the skin. Cook the pheasant for 5 minutes on each side. Remove and keep warm.

Cut the birds in half. Place the halves, cut side down, in a large frying pan, with any stuffing that falls out and the pan juices. Add the butter, and cook over high heat for 3 to 4 minutes, or till traces of pink are gone. Add the brandy and flame them. Serve at once spooning the pan juices and stuffing on top.

Wild rice makes a fine accompaniment.
